

SENATE STILL STRUGGLES WITH OPA

MAIN FIGURES
MUM IN WAR
PROFITS CASESENATE COMMITTEE
REJECTS CANNED
TESTIMONY

BY ALEX H. SINGLETON
Washington, July 12 (AP)—Henry Garson, promoter of a munitions combine, and Benjamin Franklin Fields, press agent and former convict, refused today to waive constitutional immunity, so the senate war investigating committee declined to accept their prepared testimony.

Both have been named by previous witnesses as key figures in operations of a munitions combine now under war profits investigation.

Garson and Fields separately claimed their rights after being reminded by Chairman Mead (D-NY) that the constitution's fifth amendment prohibits any person from being required to testify against himself in a case which may lead to criminal prosecution.

Excused From Stand
Mead asked whether they would, in the face of that provision, agree to answer "all questions frankly, fully and completely."

Fields' decision to stand on his constitutional rights came in the midst of an angrily-spurred protest that he had appeared "voluntarily, without an attorney, before an obviously hostile committee—a declaration which drew from Mead a retort that he was there as a result of subpoena."

A few minutes later the diminutive and dapper Garson more quietly made the same decision on the advice of his lawyer as Mead and Senator Ferguson (R-Mich) protested that they were not interested in "pretty speeches and evasive statements."

Both were promptly excused from the stand.

The dramatic interruption in the committee's inquiry came only a few hours after it had sent a politely-worded, but firm, invitation to Rep. May (D-Ky) to testify in public on the wartime help he gave Garson and the Illinois industrial combine.

May replied late today saying he would be "only too glad to consider" the invitation but stipulated that he should have the right to cross-examine witnesses who have testified about his activities, and to call witnesses of his own.

Story Given To Press

He also said his willingness to appear would be conditioned by assurance from Mead that "the public in turn may be given the full benefit of the purpose for which you assert you are holding public hearings in this matter."

May has denied that he profited personally from his activities on behalf of the munitions makers, and declared that what he did was designed to aid the war effort.

That help was conceded by Garson himself in a statement which he intended to read to the committee, but which one of his aides paroled out instead to the press "for whatever you want to do with it."

May, whose only comment on the invitation was that he would answer it "in due course," has denied that he profited personally through his activities on behalf of the munitions makers, and declared that his efforts were designed to aid the war effort.

Garson, described by May in war department memoranda as a "good friend," took the same line in his 22-page, 4,000 word statement. He declared flatly that neither Erie Basin nor Batavia—two metal products companies in the combine—had received contracts as a result of May's intercession.

Mead said his committee would meet tomorrow to act on May's re-

Crucial Vote
Due Today On
British Loan

BY FRANCIS M. LEMAY

Washington, July 12 (AP)—Russia loomed large in the closing House debate tonight on the \$3,750,000,000 British loan, as proponents declared the crucial vote tomorrow will determine whether the world will look to America or Moscow for leadership.

The long debate ended with Rep. Clare Boothe Luce (R-Conn.) declaring that Britain is "America's buffer state" against aggression—that "she is the oldest and most-to-be-trusted ally."

Previously, the Democratic leader, Rep. McCormack of Massachusetts, had told the House the whole world would be watching its vote and if America turns to isolationism many nations will enter the orbit of the Soviet Union.

Mrs. Luce quoted from a previous speech to the House in which she said Britain serves as a buffer against Russia because Russia could not reach American soil without first passing through or above British territory.

Many House members applauded when Rep. Wadsworth (R-N.Y.) called for approval of the huge credit as a boon to foreign commerce, free enterprise and world peace.

On the eve of the crucial decision both sides claimed victory. Speaker Rayburn (D-Tex.) predicted the ratification bill will pass. The Senate approved it May 10 by 46 to 34.

Speaking for the opposition, Rep. Landis (R-Ind.) declared that "this loan is more likely to promote war than it is to preserve peace." He voiced confidence, after a poll of Republican members, that it will be defeated.

The first test probably will come on an amendment by Rep. Dirksen (R-Ill.) proposing that Britain put up full security for any funds. The amendment likely will follow suggestions of Jesse Jones, former commerce secretary, who has termed the credit in its present form a "subsidy for the British Empire."

There also will be an amendment proposing that Britain give the United States deeds to Atlantic island bases, now held on 99-year lease, in exchange for the loan.

WINDOW BULLET
PROVES FATALEstranged Spouse Is
Hunted After Detroit
Bedroom Killing

Detroit, July 12 (AP)—A 26-year-old attractive woman was wounded fatally today by a bullet which crashed through her bedroom window a few hours before she was to appear at a hearing of her uncontented suit for divorce from her estranged husband, a former convict.

The woman, Mrs. Mary Jettors, was struck in the left eye by the bullet and died in a hospital without regaining consciousness.

Detectives Sats. Edward Riley and George Kimball said a search was being made for her husband, Charles, 29, a Detroit factory worker. They said Jettors was paroled Jan. 9, 1940, from the state prison at Frankfort, Ky., where he was serving a 7-year sentence on a homicide charge.

The detectives quoted a neighbor of Mrs. Jettors, Gordon Gage, as saying she called him to her apartment, afraid that her husband "might do something."

"While we were talking," the detectives quoted Gage as saying, "she went to her bedroom and I returned to my living room. I heard a sound like a shot and ran in. Mrs. Jettors was on the floor."

Mrs. Jettors had a 9-year-old daughter by a previous marriage who lived with relatives outside.

Car Tires To Get
More Real Rubber;
Production Booms

Washington, July 12 (AP)—The Civilian Production Administration today authorized the use of more natural rubber in tires and predicted it would make possible a record peacetime production of 69,150,000 passenger car and 13,860,000 truck and bus tires in 1946.

Production during 1940, the last full peacetime year, was about 50,000,000 passenger car tires, and 8,500,000 truck and other heavy duty tires.

Today's action raised the percentage of the natural product to be used in passenger tires from 2.5 to 13 per cent. The percentage increase for heavy duty tires ranges from 40 to 60 per cent. Truck, bus, airplane and heavy duty tires 8.25 inches or larger in size now may contain up to 94 per cent of natural rubber, and those 7.50 inches and smaller may contain 87 per cent.

OSBORN RETURNS FROM GEORGIA—Former Gov. Chase S. Osborn, in his 37th year, walked from the train when he arrived at the Union Station in Detroit, despite the after-effects of a fractured hip suffered a year ago. He was on his way to Duck Island from his winter home in Georgia. With him is his daughter Stellanova. (AP Photo.)

MACKINAC D&C
BOAT HELD UPCrowd Of 1,000 Cheers
After Union Agrees
To Defer Dispute

Detroit, July 12 (AP)—The Detroit & Cleveland Navigation Company announced that two of its boats, whose departure had been delayed for several hours by labor disputes, would leave tonight for Buffalo, N. Y., and Mackinac Island, Mich.

A crowd of more than 1,000 passengers who had milled around the D & C docks for several hours, cheered loudly as company spokesmen announced the vessels would be launched shortly.

A spokesman for Local 846, AFL Brotherhood of Locomotive and Steamship Clerks, said there had been no strike but "just a union meeting." He said the union objected to a company firing of one of its members and that after preliminary talks with company officials tonight, the union men agreed to return to work immediately and discuss the case Monday.

The woman, Mrs. Mary Jettors, was struck in the left eye by the bullet and died in a hospital without regaining consciousness.

Detectives Sats. Edward Riley and George Kimball said a search was being made for her husband, Charles, 29, a Detroit factory worker. They said Jettors was paroled Jan. 9, 1940, from the state prison at Frankfort, Ky., where he was serving a 7-year sentence on a homicide charge.

PARIS SESSION
IS WOUND UP
BY MINISTERSAUSTRIAN - GERMAN
PACTS BLOCKED
BY MOLOTOV

BY JOSEPH DYNAN

Paris, July 12 (AP)—The four-power foreign ministers' council adjourned its 28-day session tonight after Soviet Foreign Minister V. M. Molotov stood firm against any moves that would have led to immediate settlement of Austrian or German problems, a British source said.

The Soviet minister blocked an American proposal that would have established a special commission to draft a peace treaty with Austria and declined to permit the authorization of a commission to draw up a definition of German assets in Austria, the British informant said.

More Damages Wanted
Molotov further refused to support a plan to set up a central administration for all Germany except the Saar basin.

British Foreign Secretary Ernest Bevin presided at the night session which wound up the current meeting of the ministers of the United States, Great Britain, France and Russia.

His gavel dropped at 9:10 p. m. (3:10 p. m. Central Daylight Time) and he commented: "Well, we shall meet again at the peace conference."

During the discussion of the German question, Secretary of State James F. Byrnes, declared Russia had already received \$14,000,000,000 in reparations from Germany. Molotov earlier in the week asked for \$10,000,000,000 in war damages.

American sources said Molotov's opposition to making any immediate decision on the Austrian situation was closely allied to his charge that several hundred thousand displaced persons who have fascist and pro-Hitler backgrounds still are in Austria.

These persons must be deported.

Escanaba Receives
Share Of \$18,092
In Intangible Tax

Lansing, July 12 (AP)—Louis M. Nims, State Revenue Commissioner, announced today that intangible tax receipts through June 30, totaling \$6,413,071, are being distributed to townships, cities and villages.

Nims said the distribution is more than three times the 1945 distribution, and is based on \$1.22 per capita instead of 40 cents per capita, under the legislative revision of the intangible tax statute.

Among the cities and villages receiving the money are: Detroit, \$1,980,611; Escanaba, \$18,092; Grand Rapids, \$200,436; East Grand Rapids, \$5,976; and Holland, \$17,631.

White Shirts Out
Of Black Market,
Sen. Wherry Says

Washington, July 12 (AP)—Waving a full-page newspaper advertisement, Senator Wherry (R-Neb) told the Senate tonight that "white shirts are out of the black market."

The Nebraska said a New York City store (Gimbels) was offering white shirts at "\$2.66 or below OPA ceilings."

Wherry said that under OPA it was impossible to get a white shirt unless you paid high prices "and then it was a long-collared cowboy shirt."

Wherry also called attention to sales of nylon hose at from \$1.09 to \$1.43 a pair, saying these could not be obtained under OPA.

"Let the few peddlers and calamity howlers answer this one," he said as he won permission to put the ad in the congressional record.

Farm Wage Rates
Highest On Record

Washington, July 12 (AP)—The agriculture department reported tonight that farm wage rates on July 1 were eight per cent higher than a year ago and the highest on record.

The report said wages increased ten per cent since April 1. The rates on July 1—average \$4.84 a day without board—were 331 per cent of the 1935-39 average.

The number of hired workers on farms July 1 was reported 11,586,000, or about seven per cent more than a year ago. The department said that about 1,000,000 war veterans have returned to farms in the past year.

Men Up To 35 May
Be Taken By Draft

Washington, July 12 (AP)—The war department said tonight that in the future it "may be necessary to consider the induction of men through age 35" but that it had made no recommendation to that end to President Truman.

The press memorandum was issued as a follow-up to last night's public declaration by Col. George A. Irwin, chief of selective ser-

vice's demobilization division, that the army does not want any men past 35, and word from another official close to draft policy that the war department had recommended that the president raise the induction age limit.

Today that official, advised of what the war department said, told reporters that as late as yesterday afternoon he understood the letter to the president had gone forward. Asking not to be quoted by name, he said all selective service plans were based on the change from 29 to 35 in the top draft age.

The war department's memorandum today said:

"In any future calls on selective service for personnel the war department will specify that the call be filled, in so far as possible, by men within the 19 to 29 age bracket."

"If in the future it is found that there are insufficient personnel within this age bracket to satisfy manpower requirements it may be necessary to consider the induction of men through age 35."

"The war department has not recommended to the president that the top draft age be raised from 29 to 35 years."

The change when draft calls are resumed in September, would be due in large part to the exemption of 18-year-olds in the new draft list. That measure sets the age limits at 19 and 45. The youths of 18 heretofore had been the big source of manpower.

AFL longshoremen immediately halted loading operations.

AFL crews in Boston and Baltimore had orders from Paul Hall, chairman of the AFL labor maritime council of Greater New York to stage similar demonstrations.

Police details along Manhattan piers were doubled but no clashes had been reported.

Trouble started 3 days ago when Harry Bridges, whose CIO longshoremen are as strong on the west coast as AFL bodies in Atlantic ports, ordered his men to refuse to unload an AFL-manned ship at Coos Bay, Ore.

Political Parties
In Italy Agree On
New Cabinet Setup

Rome, July 12 (AP)—Italy's major political parties succeeded late tonight in composing their differences and in assigning portfolios for the country's first Republican cabinet.

Alcide De Gasperi, leader of Italy's number one political party—the Christian Democrats—who was asked 10 days ago by President Enrico de Nicola to form the new government, retained the presidency of the council of ministers and also took over the much sought-after ministry of interior. His party also received six other cabinet positions.

The Socialists and Communists, Italy's second and third ranking political parties, each received four of the 17 cabinet positions, while an independent party retained the 16th cabinet post.

The Republicans accepted the ministry of war, while an 18th minister, without portfolio, was expected to go to another member of the party.

Hungarian Pengoe
Withdrawn Because
Of Dizzy Inflation

Budapest, July 12 (AP)—The finance ministry ordered the fantastically inflated pengoe withdrawn from circulation today after it reached the dizzy height of 500 quintillion to the American dollar. Before the war, the pengoe was worth 29.12 cents.

The pengoe was replaced by the complicated "index pengoe" which Hungarians popularly call the "tax pengoe" because it was created in January primarily for paying taxes. The index pengoe crept into ordinary business exchanges about a week ago. Its value is based on prices, salaries and numerous other indices of the economy.

The U. S. dollar was quoted today at 6,500,000 index pengoes. Official circles expressed hope the index pengoe would remain fairly steady until Aug. 1, when a new money called "forints" appears. The value of the "forints" has not been announced. Guesses have ranged from five to \$1 up to \$50 to \$1.

VETERAN PRINTER DIES

Los Angeles, Calif., July 12 (AP)—John B. Squire, who spent 64 of his 77 years in newspaper composing rooms, died today of a heart attack. He was employed by the Evening Herald and Express for 31 years until his retirement last November. Previously, he spent 25 years with the Detroit Free Press. He was a life member of Palestine Lodge of Masons, Detroit.

Woodrow Wilson's Biographer Dies
Amherst, Mass., July 12 (AP)—Ray Stannard Baker, 76, biographer of Woodrow Wilson and philosophical essayist, died today at his home.

Baker, known to many followers of meditative sketches in an "Adventures" series done under the pen name of "David Grayson," had suffered from a heart ailment for some time.

CONTROLS ARE
STRIPPED FROM
REVIVAL BILLGRAIN AND TOBACCO
CEILINGS TOSSED
INTO DISCARD

Washington, July 13 (Saturday) (AP)—A sleepy-eyed senate still aghast over an OPA revival bill early today after bedecking it with new amendments, exempting grain and tobacco from price control.

During the chamber's marathon session, a proposal by Senator Robertson (R-Wyo) to limit the powers of OPA to rent control alone was beaten on a rollcall vote of 61 to 12.

But other amendments, according to special treatment to transportation lines, southern pine pulpwood and cotton textile manufacturers were shouted through.

Funds Slashed

The senate appropriations committee meanwhile took another slash at the funds which OPA has requested for another year's operation. The OPA had asked \$142,000,000, compared with \$150,171,000 which it received for the year ending June 30. The house cut this to \$106,000,000. The senate committee approved \$56,000,000.

The dozen senators voting to limit OPA to rent controls were: Ball (R-Minn.), Bridges (R-NH), Brooks (R-Ill.), Gurney (R-SD), McCarran (D-Nev.), Moore (R-Okla.), O'Daniel (D-Tex.), Reed (R-Kan.), Robertson (R-Wyo), Wherry (R-Neb.), Wiley (R-Wis.) and Wilson (R-Ia.).

Rejected on a 46 to 29 vote was an attempt by Senator Wherry (R-Neb), to write into the bill a guarantee that distributors, wholesalers and retailers shall get price ceilings high enough to cover their 1940 discounts and markups.

The proposal differed only in details from a provision criticized severely by President Truman in his veto of the original OPA extension bill.

Amendments Come Fast

Wherry told his colleagues the amendment would prevent any revived OPA from forcing the corner grocery or drug store to absorb increased operations costs. Democratic Leader Barkley (Ky), contended that a pricing provision already in the bill would give more relief to retailers than the Wherry amendment.

Senator Pepper (D-Fla.), then called up a substitute proposal to continue OPA till February 1, 1947 with authority as it existed before June 30, when price controls expired.

Pepper immediately modified the proposal, however, to call for the establishment of an independent board which could order price controls lifted from specific commodities.

Democratic Leader Barkley (Ky), battled vigorously against the exemption for grain and feed and forced two roll-call votes. But with the opposition riding high, other amendments were whooped through by voice votes.

Barkley announced that the Senate would sit into the night "as late as necessary" in an effort to complete action on the badly battered bill. It would renew the OPA until next June 30, but with restrictions which some congressmen considered greater than those in the original measure which President Truman denounced and vetoed.

OUTPUT LAGGING ON FURNISHINGS

Two Chicago Midsummer Shows Draw 40,000 Registrations

Chicago (AP)—Furniture buyers in quest of new items and replenishment of old lines flocked to the Midsummer Home Furnishing show today, but obtained relatively little satisfaction.

Materials shortages, while showing some improvement since the mid-winter show, still were reported as hampering output. Trade sources said dinette sets were "in fair supply," while hard surface floor covering were "much easier to obtain."

Increasing use of aluminum was evidenced by a tour of the two shows, one in the American Furniture Mart and the other in the Merchandise Mart. One maker showed a complete line of "modern" all-aluminum dining room and lawn furniture priced from \$90 down to \$18.

Addressing the American furniture Mart Press Club, Ray Reed, home furnishing manager of the Associated Merchandising Corporation, asserted that the lag in buying during the war had precipitated a condition of obsolescence so that furniture manufacturers "now have an appeal which the motor makers used for years."

"Segregation of furniture from period design," he added, "Good looking specialty shops, top-flight advertising copy, together with fashion style and style inspiration are some of the things which can bring our industry to the front."

Officials of the two shows said they anticipated a total registration in excess of 40,000 compared with the 32,000 originally expected.

John A. Wilson, 82, Crystal Falls, Dies

Crystal Falls—John A. Wilson, 82, pioneer resident of Crystal Falls, and a member of the Order of Runeberg, died Wednesday afternoon.

Born Jan. 25, 1864 in Norway, Europe, he came to this country at the age of 18. He arrived in Chicago in 1882 and came to Crystal Falls two years later.

He was employed in the lumber and mining industry until 1922, when he retired.

In failing health for five years, he had been critically ill for the past six months.

He leaves his widow, Mary; four children, George, of San Juan, Texas; Signe and Adolph, Duluth, and Heidi, this city; two grandchildren, and one great-grandchild.

Services will be conducted at 2 Saturday afternoon at the Ellingboe Funeral home by the Rev. Gunnar Goranson. Burial will be in the Crystal Falls cemetery.

Shoe Repair Shop Broken Into But Nothing Is Stolen

Police reported that nothing was taken by thieves who broke into the Delta Shoe Repair shop, 108 North 14th street, sometime Thursday night.

Entrance to the shop was made through a transom on a rear door.

Taxi Company Head Pleads Not Guilty To Assault Charge

Mark Sabuco, proprietor of the Escanaba Taxi company, 615 Ludington street, pleaded not guilty to a charge of assault and battery when arraigned here this week before Justice of the Peace Henry Rancquette and the case was continued to Friday, July 26 at two o'clock.

Keith Dishno, 619 South 15th street, a former driver for the company, who signed the complaint against Sabuco, told police that Sabuco struck him in the head with an ash tray, inflicting a three-quarter inch gash. The incident took place in the taxicab company's office this week.

Child Runs Into Auto; Escapes With Only Minor Bruises

Raymond, three-year-old son of Mr. and Mrs. Arthur King, 830 Sheridan road, was slightly bruised but otherwise uninjured Friday morning near his home when he ran into the side of an automobile driven by Nick Perle Jr. of Wells who was going south on Sheridan road.

Perle took the boy to St. Francis hospital but he was returned to his home after receiving first aid treatment.

The accident was reported to local police by the Wells man.

Vandenberg Piles Up Highest Total Vote In Primary

Lansing (AP)—A total of 536,603 persons voted for governor at the June 18 primary elections, the official canvass or returns revealed today.

The highest single vote was piled up by United States Senator Arthur H. Vandenberg, Grand Rapids republican, who was unopposed for re-nomination. He received 374,549 votes. James H. Lee of Detroit, the democratic candidate received 93,308 votes.

Of the 451,528 votes cast for governor in the republican primary, Kim Sigler had 170,779; Vernon J. Brown, 123,029; Raymond J. Kelly, 92,770 and Edward J. Pettie, 64,936.

Murray D. Van Wagoner received 98,103 votes and William J. Cody 26,965 in the democratic primary.

For the republican nomination for lieutenant governor Eugene C. Kayes had 182,907 votes, Howard Nugent 92,083, Owen J. Cleary 70,922 and George N. Higgins 52,141. Osmund Kelly of Flint, the democratic candidate, was unopposed.

some time with his mother, Mrs. Mary Hudson.

Mrs. C. Hutt, Ida Tovey and Mrs. E. Tovey made a business trip to Munising Tuesday.

Mr. Albert Boyd, Mrs. Brogan and son Jimmy left Sunday for Detroit after spending the holiday weekend here. They were accompanied to Detroit by Mrs. C. S. Johnson who will enter Harper hospital for a checkup.

Mrs. Etta Maltas and daughter Mary of Sault Ste. Marie, Ed Doran, Billy Conlon and Jackie Anderson of Newberry were guests at the F. Oaken home Friday.

Neil McEachern was re-elected on the School board in the election which was held Monday.

Messrs Robert, Teddy and Raymond Hudson, sons of Mrs. Mary Hudson, who are employed in Detroit spent the past weekend here visiting relatives and friends. They were accompanied by Miss Marcella Seimer of St. Louis, Mo.

New Powers School Superintendent Is Released By Navy

Menominee—William J. Sharon, son of Mrs. Anna Sharon of 3814 Broadway and newly appointed superintendent of the Powers-Spalding school system, was discharged from the U. S. Navy on July 6 at New Orleans, La., separation center and will take over his school duties next Monday. He retired with the rank of lieutenant in the U. S. Naval Reserve.

Sharon, a former superintendent of the Daggett township schools enlisted in the Navy on December 13, 1942 at Powers as radio technician, second class, and was recommended for a commission upon completion of his training course. He was assigned to the Naval air training base at Pensacola, Fla., where he has since been located. From February, 1944, Lieut. Sharon was assistant electronics materiel officer at Pensacola.

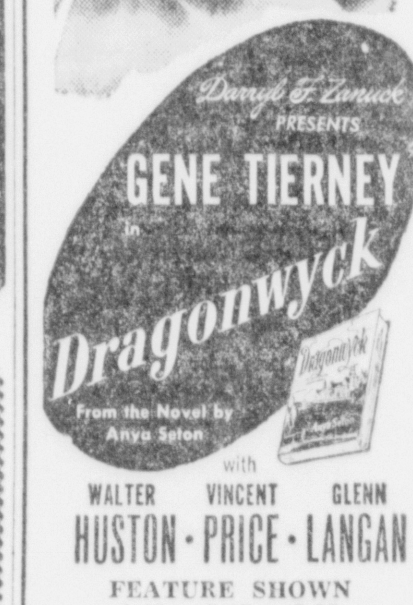

The new Powers - Spalding school head is a graduate of Western Michigan College of Education at Kalamazoo where he received his A. B. degree and of the University of Michigan at Ann Arbor where he received his master's degree in 1942. He is 40 years old and unmarried.

Nuns To Conduct Religious School At St. Patrick's

Three nuns of the Dominican Order, Adrian, will arrive here late in August to conduct a school for religious education under the direction of St. Patrick's church. It was announced by Rev. Fr. Martin Melican, pastor.

The religious training school will begin at the start of the fall school term and St. Patrick parish members who are students of local public schools will be released from school classes a half day per week to attend the religious training class.

To Attend Highway Meeting July 18-19

Several members of state highway department personnel of the Upper Peninsula branch office in Escanaba have been notified to attend a conference which will be held at Higgins Lake in Lower Michigan July 18 and 19. It was reported yesterday by A. A. Anderson, engineer in charge of highway construction in the U. P. Anderson and Frank Schwarzenberg, Elmer Bessonen, Fred Walker, Tom McMeekin and John Owens, representing construction and maintenance programs, are expected to attend the conference.

The Louisiana Purchase doubled the area of the United States.

The buffaloes were the first trail makers in the west.

CIRCUIT COURT ADJOURNS HERE

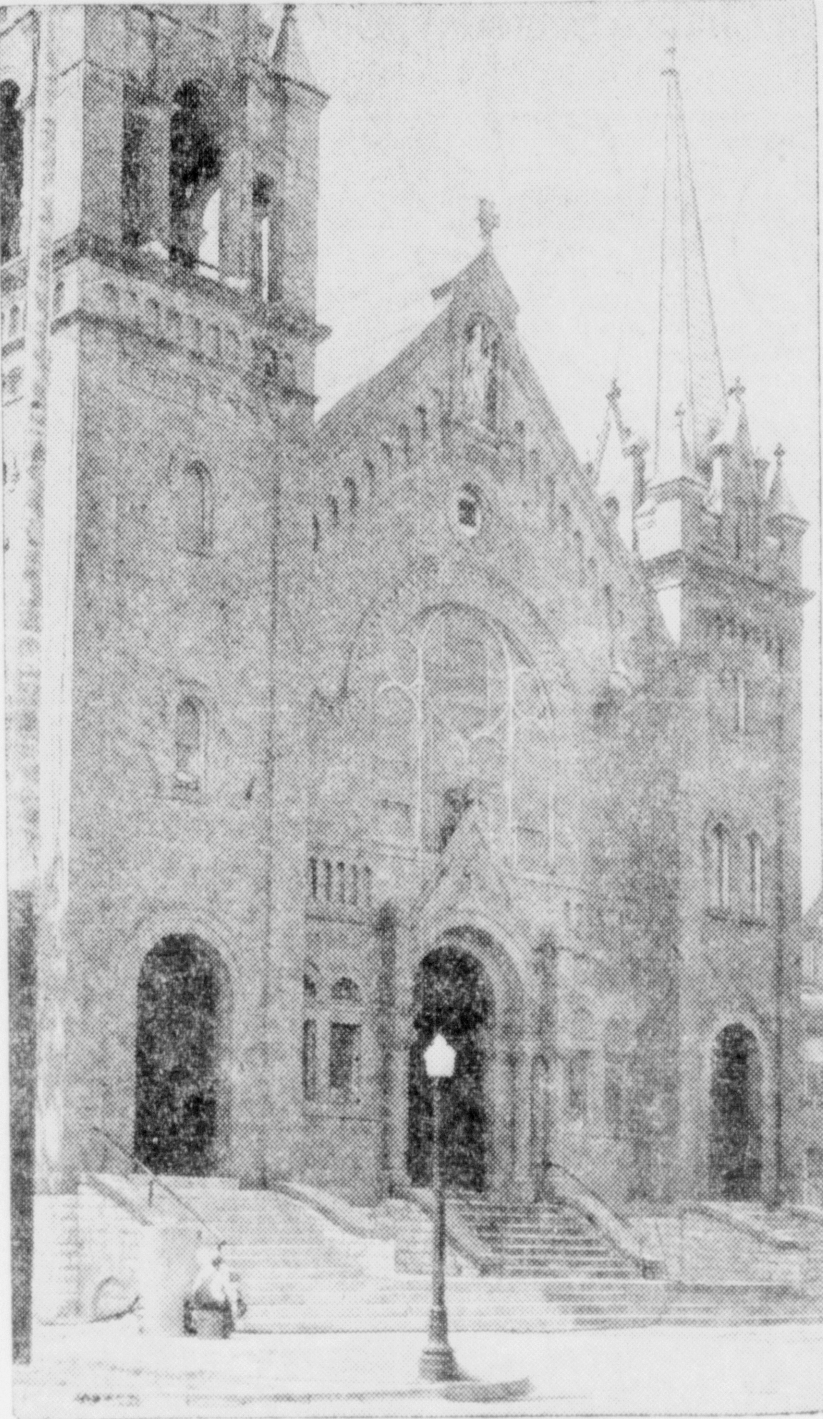

One Probationer Back
In Jail After One
Day Of Freedom

The July term of circuit court for Delta county ended yesterday morning with the signing of the court record by Judge Thomas J. Landers of Ironwood, who presided at the non-jury session in the absence of Judge Frank A. Bell of Negaunee, who is ill. Judge Bell is reported to be receiving treatment for arthritis at Mt. Clemens.

One day of freedom from jail proved the undoing of one probationer, Joseph Blanchette, 55, of Escanaba, who had been sentenced by Judge Landers to one year probation on a charge of disorderly conduct, third offense. The court also sentenced Blanchette to 60 days in jail with credit for time already served. Having already served 60 days, Blanchette was given his liberty at 7 p. m. Wednesday. Thursday afternoon he was arrested for being drunk and was returned to jail.

Prosecutor J. Clyde McGonagle yesterday said that Blanchette is being held in jail at the request of Wallace Kemp, Marquette, probation director in the Upper Peninsula. Kemp is expected to come to Escanaba shortly. It may be possible that Blanchette will be taken to another city where court is in session for arraignment for violation of probation.

During the court term here a total of 10 divorce decrees were issued. Seven of the decrees were for the dissolutions of marriages of Delta county couples, two were from Menominee county and one from Marquette county.

CHURCH EXTERIOR RECONDITIONED.—St. Patrick's church of Escanaba was given a face-lifting this week by a crew of sand blasters. Above is shown Joseph Siedel of Oconto, Wis., seated on the scaffolding, while finishing the clean-up job on the right side of the edifice.

LA SALLE FIRE INQUIRY ENDED

Committee Finds Delay
In Sending Alarm;
Hazards Cited

Chicago—(P)—A special mayor's committee appointed to investigate the LaSalle Hotel fire of June 5 which took 61 lives, reported that "there appears to be an unexplained delay of at least several minutes in calling the fire department."

The seven-man committee, in a 20-page report to Mayor Kelly, said testimony of witnesses placed the time of discovery of the blaze at between 12:20 and 12:30 a. m. and that the fire department received an alarm at 12:35.

"The tragic results of this fire were brought about by the absence of means for fire detection and alarm," the committee declared.

Avery Brundage, board chairman of the hotel, previously had issued what he termed an "official denial" of reports that there was a 15 to 20 minute delay in calling the fire department.

In today's report, the committee said "unprotected vertical stairway openings" served as the "principal means of the rapid spread of the heated gases, smoke and flame to the upper floors."

The report said that in the opinion of the committee, the use of combustible materials in constructing the cocktail lounge, where the blaze was discovered, "was in violation of the building code in effect at that time (1934)."

Use of wood panelling throughout the lobby also "added to the fire hazard," the committee said.

The group recommended an approved alarm system for every hotel, with a city fire alarm box on the outside.

Annoyed By Baby, Mother, 26, Faces Charge Of Murder

Paw Paw, Mich. July 11 (P)—An attractive, 26-year-old mother waived hearing on a murder charge in the death of her three-week-old daughter.

State Police Detectives Purlette Hinckley and Victor Beck and Coroner Frank Thompson said Mrs. Taylor Jarvis had admitted striking the child because she "was annoyed at its constant crying which kept her awake nights."

Thompson told Justice of the Peace Glen Huey that Dr. F. M. Boothby was called to attend the child Monday and that the little girl died Wednesday. An autopsy showed the infant's skull was fractured in two places.

Mrs. Jarvis, who will be examined in circuit court Saturday, formerly was a waitress and was married a year ago. She was remanded to Van Buren county jail.

Longyear Field Proposed For New Residential Area

Marquette — Longyear field, once the scene of many of Marquette's most exciting football games and used for years as a practice gridiron by the Gravieret high school football team, today is being prepared for a residential area by Earl H. Closser, real estate dealer, and Franz Menze, contractor.

For many years the field, at the foot of East Ridge and Arch streets, was used without restriction by athletic teams of all ages and for other recreational purposes. Crowds of several thousand persons sometimes were present for city football league contests there in the early thirties.

The field was sold by the Longyear estate to a private individual about 10 years ago. It was reported at the time that the area had been offered for sale—at a comparatively small sum—to the city. Later, the field was purchased by Closser, who sub-divided it into lots this year.

Moon Lake Area Sold To Henze

Iron Mountain—Comprising 220 acres of wooded land and two, spring-fed inland lakes, and area just north of the city limits between highway U.S.-2 and the Milwaukee road tracks, long held by the Henze family here and considered one of the most attractive scenic spots in the peninsula, was sold today by Walter A. Henze, for the family estate, to Robert Hoyle, of Hoyle Bros., Inc., and Lawrence Paul, of Paul Electric, both of Iron Mountain. It was one of the largest single property transfers in the district for some time past. The consideration was not disclosed.

The tract, more familiarly known as the Moon Lake area, embraces some 4,500 feet of shoreline on Moon Lake and all of Henze Lake, smaller but equally scenic. The deal does not, however, include certain properties on Moon Lake now held by Esau Broullire, Mrs. Agnes LeFebvre, John Valenti, Mr. and Mrs. Jess Suino, Peter Baril and others who have cottages there.

The new owners will immediately plat the areas around both Moon and Henze lakes, and dispose of them to persons who plan to build. The tract, easily accessible by some nine miles of wood-

Cars Damaged But No One Injured In Local Accidents

A parked car owned by Don Campbell, 317 South 17th street, was damaged slightly about 2:30 clock Friday morning in front of Campbell's home when it was struck by Henry Dahm, 1225 Lake Shore drive. The Campbell machine was pushed into another car owned by Edward Blazek, also of 317 South 17th street, and parked behind the Campbell car. All three of the cars involved were damaged though not seriously.

Dahm was driving south on the street at the time of the accident.

Police officers made no arrests. Cars driven by Frank Devet, Fayette, and Walter Johnson, 427 South 17th street, were slightly damaged late Friday morning in the 1000 block of Ludington street.

Johnson told police he was driving west on Ludington and was about to park at the curb when Devet "cut him off" and he struck the left rear fender of the Fayette man's car. The right front fender of Johnson's car was damaged.

In a third minor accident here Thursday afternoon, Melvin Haila, Ishpeming, struck the rear end of a car driven by Alfred Ottensman, 1304 North 18th street, damaging the trunk and rear bumper of Ottensman's car. The grill, front bumper and a headlight of his own automobile was damaged. The accident occurred in the 1200 block of Ludington.

Farmer Has Hay Curing Process

St. Joseph, Mich.—Making hay while the sun doesn't shine seems to be the motto of a Pennsylvania farmer whose hay curing process has been reported to the American Society of Agricultural Engineers by R. C. Miller of Ohio State University.

The farmer, Herbert Muffley, near Easton, Pa., used a large fan, an automobile engine and an improvised wind tunnel to dry hay in his barn after having baled it in the field. With this makeshift equipment he made hay that sold for \$60 per ton as opposed to \$45 a ton for his best field-cured hay.

Barn curing is generally used for loose, long hay with a small power unit, but Mr. Muffley increased his returns using 28 to 48 horsepower from an automobile engine in an old-fashioned overhanging Dutch barn with a lean-to shed.

Budinger Retires From School Board In Cornell District

Cornell, Mich.—John Budinger, whose term expired on June 30, has retired from the Cornell township school board after 17 years of service. He served as president 16 years.

Present officers of the Cornell board are: President, Clayton Ford; secretary, Mrs. Genevieve McFadden; treasurer, Leo Kivi; and trustees, Bertha Buckland and Archie Sanville.

land roads, lends itself readily to the construction of modern homes, as well as summer cottages, and effort will be made to develop it as a residential area.

Report Given By Aronson At League Meet At Marquette

A comprehensive discussion of municipal employees' retirement systems by Donald O'Hara, executive secretary of the Michigan Municipal employees' retirement system, was the highlight of the closing session Friday of the two-day Upper Peninsula conference of the Michigan Municipal league at Marquette.

City Manager A. V. Aronson reported Thursday on refuse collection practices in the Upper Peninsula, one of a series of reports and round table discussions which included veterans' training in municipal government, weight and gas tax and highway expenditures, tax reviews and other pertinent subjects.

Besides the city manager, Escanaba was represented at the league meeting by Mayor Marvin Conon, Councilman Sam Wickman, City Engineer Loren Jenkins, City Forester Bob Clayton, Superintendent of Public Works Joe Holmes and Albert C. Christensen, sanitary supervisor.

Regarded as highly successful by those who attended, the league meeting was the first held since the end of the war.

Local Instructors Attending Reading Meet At Marquette

Miss Mary Hedberg and Miss Mary A. Newton, local public school instructors, are representing Escanaba at the Northern Michigan reading conference at Marquette, which is sponsored by Northern Michigan college, the University of Michigan, the state department of public instruction, and the Upper Peninsula curriculum planning committee.

Miss Zola Beauchamp and Marie Theoret of Rapid River are also among the 114 representatives at the conference.

St. Nicholas

St. Nicholas, Mich.—Frank Sarvis and his mother-in-law Mrs. Alice Gurski of Flint are vacationing this week at the home of Mr. and Mrs. Louie Heynessen. Miss Margaret Heynessen returned to Chicago where she is employed, after a brief visit at the home of her parents, Mr. and Mrs. Louie Heynessen.

Mr. and Mrs. Walter Beauprey returned to Marquette Tuesday evening after a two-day visit with Mrs. Beauprey's parents, Mr. and Mrs. Victor DeGrand. After a brief visit in Marquette they will leave for Chicago where Mr. Beauprey, a returned veteran, will attend radio school.

Mr. and Mrs. Prosper Heynessen of Chicago arrived Monday evening at the home of Mr. and Mrs. Louis Heynessen where they will visit for several days.

Mary Ann, daughter of Mr. and Mrs. Rene Vermote, celebrated her fourth birthday anniversary on Thursday, July 11.

Garden

Mr. and Mrs. Otto Kaun of Milwaukee, who visited Mr. and Mrs. Herbert Sill, have returned home.

Strike At J. I. Case To Be Spread Out, CIO Chief Declares

Washington—(P)—Walter Reuther, president of the CIO United Auto Workers, said today the UAW intends to spread its strike in the J. I. Case Company to all the firm's plants and "possibly to other farm equipment companies."

Reuther made the statement to reporters after separate conferences with Secretary of Labor Philip Murray and CIO president Philip Murray. He said the UAW had decided to call strike at Case's Burlington, Iowa, and Rock Island, Ill., plants.

At the same time, it was reported that Secretary Schwellenbach intends to ask Case company officials to come to Washington next week for conferences with UAW officials in an attempt to settle the seven-month strike dispute.

Cubs Robbed Here Thursday Night But Not By An Umpire

Alvin Ness, manager of the Cubs, local Rainbow League baseball club, reported to police yesterday that \$9 was stolen from the clothing of team members at the field house of the Escanaba athletic field during the game here Thursday night.

At least one suspect was questioned by police officers yesterday but no arrest was made.

Mobster Released Pending New Trial In Pontiac Robbery

Jackson, Mich.—(P)—Harry Fleisher of Detroit was released from Southern Michigan prison late today after posting a \$25,000 bond pending outcome of his appeal to the state supreme court for a new trial on robbery charges.

Fleisher's departure from prison came 24 hours after two of his four co-defendants were released via the same method. They were Pete Mahoney, at liberty under \$15,000 bond, and Sam Chivas, released under \$10,000 bond.

Mike Selik and William Davidson, also Detroiters, were still in jail pending posting of their \$25,000 bond apiece.

They were convicted last December in the holdup of a Pontiac gambling house and were sentenced to terms ranging from 20 to 50 years.

Fleisher, Selik and Mahoney also are out on bail pending appeals to the state supreme court following their conviction of conspiracy to murder the late Senator Warren E. Hooper.

Compost Shredder To Convert Sludge Into Fertilizer

A compost shredder, which will be used to convert wasted sludge into fertilizer for use on some 40 acres of lawns on city property, arrived here this week and will be put into use as soon as more sludge becomes available, city forester Robert Clayton reported yesterday.

Purchase of the machine at a cost of about \$650, was authorized by the city council more than a month ago.

Ensign

Miss Dolores Taylor of Detroit arrived Wednesday to spend her summer vacation at the home of Mr. and Mrs. John Maukar.

The Biggest Bargain

THE general increases in living costs which have developed in recent years and particularly in the past several months focuses attention once again on the biggest bargain of all—your family newspaper.

Newspapers, like all other businesses, have been hard hit by increased operating costs. Taxes are heavier, labor costs have risen sharply, and virtually every phase of newspaper production has bounced in price. The latest sock at the newspaper pocketbook came this week in the form of a 10 per cent hike in the cost of newsprint, one of several such increases in recent years. Unfortunately, the end of higher operating costs for newspapers is not in sight and already there is talk of still another 10 per cent boost in newsprint prices forthwith.

Through all these vicissitudes, the cost of newspapers to the family readers has remained firm. In fact in the more than three and a half decades that the Escanaba Daily Press has been published, through two big wars and several inflationary periods, there has been only one price increase to the readers—and that was less than a cent per copy.

The Escanaba Daily Press naturally is proud of its record of service to its readers at the lowest possible cost. We take immeasurable pride in pointing out that while costs of virtually everything else is bouncing upward at a dizzy clip your family newspaper, the biggest bargain of all, has held the price line strongly in the face of terrific pressure.

Trail to Tahquamenon

WORK of constructing a foot trail is under way to accommodate the tourists who travel by highway to view the scenic big falls of the Tahquamenon river, one of the Upper Peninsula's outstanding natural attractions.

A road from the lower falls, reached via Paradise, has been extended to about five miles west, leaving only about three-quarters of a mile of foot trail to reach the big falls. It is the policy of the state parks division to not permit extension of the highway any closer to the big falls, for it is desired that the area, surrounding it, be kept in its wilderness state.

This plan is commendable, for there are so few wilderness attractions left that have not been spoiled by over-development and commercialization. The big falls would certainly lose their natural beauty, if a concrete highway were built to the river bank and a sizeable area cleared for the parking of automobiles.

A view of the big falls of the Tahquamenon is worth a three-quarter of a mile hike, anytime. The falls also can be reached by an interesting ride on the Tahquamenon trolley and a boat trip on the Tahquamenon river, which takes the traveler within walking distance. The river trip is an interesting experience, and likely will continue to attract many tourists despite the fact that they can now drive by automobile to a point three-quarters of a mile from the big falls.

Patchwork Tax System

THE Lansing State Journal views with disfavor the attempts of certain Michigan cities to place a requirement in the state Constitution for distributing a third of sales tax revenues to the municipalities.

When tax provisions are placed in the constitution it becomes difficult to alter them to meet changing conditions, the State Journal points out. A plan which might be alluring to Michigan voters at one time might become ineffective a short time later and it then would become necessary to go through the process of amending the constitution again to make the desirable changes. It would seem to be more desirable to hold the members of the legislature, the elected representatives of the people, accountable for providing a fair and effective tax system within the broad framework of the constitution instead of making of the state's basic law a catch-all for various schemes which find temporary favor with groups which might not fit smoothly into place in the whole tax program.

Unexpected revenue from the state sales tax has resulted in accumulation of a state surplus for which it is claimed that the state has important uses.

Many persons are likely to believe that the state should not indefinitely continue to pile up surpluses beyond the point where they are needed for necessary public improvements and that if it is found that the state is collecting more money than is needed, the state has the obligation to all of the taxpayers of reducing its collections instead of turning a large portion of the excess over to those who have restricted their own tax-raising ability.

When any government unit hits upon a device for collecting considerably more money than is needed there is a strong temptation to find ways of spending the excess and then of finding new sources of income when new needs arise. Economy in government is not as likely under such a system as it is when government deter-

mines how much money is needed for definite periods and then collects that amount. The sales tax is considered to have many advantages but it has the distinct disadvantage of producing widely varying and unexpected amounts. Money which comes easily as far as those who collect it are concerned is likely to go easily.

Whether government is financed by a sales tax or a property tax the money comes out of the people's pockets and regardless of what form of taxation is used government has the basic responsibility of preventing the tax burden from being heavier than necessary. Economy in government is a phrase which is heard too rarely these days. It is a subject, however, which demands at all times the attention of those who have the power to tax the people.

Michigan would seem to have two tax problems. One is to provide the money which is actually needed and the other is to find a way of preventing the collection from the people of considerably more than is needed. The problems are likely to be solved more effectively by attention to the tax program as a whole than by writing into the constitution unrelated proposals sponsored at various times by various groups.

Domestic Tranquility

THE people of America want the "domestic tranquility" set forth in the preamble to our Constitution. So says a statement issued recently by the Gardner Advertising company, which has been receiving wide circulation. It goes on to state that the people want their chance to participate in the "pursuit of happiness."

Continuing, the statement says: "They want all workers protected against exploitation by legal process—and NOT by paralyzing strikes. They want workers on their jobs turning out goods. They want to shop in open, free markets where they can exercise freedom of choice, pay prices kept fair by the competition process—and NOT in black markets where they must take what they get, paying non-competitive, extortionate prices.

"And they have billions to spend. 'This nation has drifted from the only safe road to prosperity, 'domestic tranquility' and the 'pursuit of happiness.' We're far off the beam.

"The right to strike, as we have seen, has been debauched. Unless this right is promptly brought under control in the public interest, the worthy cause of all organized workers will have been dealt a crushing blow by the ineptitude of their own leaders.

"We're desperately in need of universal work, profitable production, abundantly stocked market places. Desperately, we need perpetual motion of men, money and machines to head off inflation before it engulfs us.

"Snap out of it, America!"

FEAR TREE SHORTAGE

(Milwaukee Journal)

Foresters in upper Wisconsin are combing the woods for trees that are bearing seeds.

The conservation department's forest nurseries need a lot of seeds—enough to produce at least 100,000,000 seedling trees annually for the next several years.

The foresters aren't finding the needed seeds. There are two reasons. Nature has, for some unknown cause, given us several "poor seed years." And man, in the form of the small operator for the most, though not exclusively, has been going around cutting trees just as they reached the seedling age.

That, of course, is no time to cut trees. The practice ought to be stopped by a state regulatory law. If it isn't, the fine planting program that is being carried out by the state and by many of the wood using industries may come to a halt for lack of planting stock.

What the foresters particularly want is Norway pine. They, of course, would like to replant parts of this state to its finest native tree, which is the white pine, but there is discouragement in the fact that the deer browse away the white pine seedlings as fast as they're planted, in some areas.

Fortunately there's a fair quantity of jack pine seeds in the forests and since these trees—once known as "weed trees"—now are largely used in paper making, they may fill the gap.

Legislators ought to be thinking about a state forest regulatory law. For purposes of pulpwood planting and cutting, a state law could be made effective and sufficient.

For control of the logging of big timber, a federal regulation, administered through the United States forest service, would be the more desirable because it could give a degree of uniformity to the cutting practices of the nation-wide logging and lumber businesses.

Take My Word For it . . . Frank Colby

ENGLISH AS SHE IS WROTE

"Loony Logic" is a term I once coined to designate constructions which call up ridiculous images in the mind of the reader. Most loony logics result from misplaced modifiers, and you come across them everywhere, even in the work of skilled, professional writers.

For example, in the May Cosmopolitan, Grace and Paul Hartman speak of "One of those girls who wants to rumba with all her heart." In a recent Saturday Evening Post article on Japan, Edgar Snow writes: ". . . a peasant lad with a shaved head named Mitsugi Uegi."

A United Press release tells of a Mr. Mead, superintendent of a state park, who is training ten lambs for a motion picture studio. "He contracted with the studios last fall to furnish and train the

World Events Analyzed

BY MARQUIS CHILDS

Washington—What has happened to the OPA and price control illustrates perfectly the extreme difficulty of government under our system, which prescribes fixed elections at stated intervals.

The contrast with our neighbor, Canada, points up this difficulty. In Canada, very much the same pressures to take off price control come from the same pressure groups. Canadian cattlemen would like to make a killing just as much as American cattlemen.

Members of parliament in Ottawa are being bombarded with the same kind of appeals, demands and pleas that have come down on members of congress. This is a slight exaggeration, since the pressure lobby as it works in Washington has been carried to a high point of perfection.

—CANADA CONTROLS PRICES—

But what is Canada's parliament doing? They are not taking off controls. Instead they are guarding the essentials of control which was never relaxed as ours was immediately after VJ-Day. At the same time they are preparing a cautious and orderly method of decontrol.

The reason is obvious. If members of Prime Minister MacKenzie King's liberal party in parliament deserted him to join a coalition of opposition forces, the government would fall. It would fall on the issue of price control. That would mean every member of parliament would have to go back to his district and campaign for re-election in the face of prices soaring in the absence of controls.

That would mean a clear cut decision. Under our system, 18 Democratic senators deserted the President to destroy price control. But they will not come up for re-election until this fall, or perhaps not for two or four more years. Time will blue the issue. That is what cynical members of congress are counting on. They can have few doubts about how the vote would go if they had to face the country today on the price issue. But they can count peoples' forgetfulness or confusion with the passage of time. So they can vote for cattle or metal or petroleum or whatever special interest back home wants a higher price.

—PRICES ARE RISING—

And prices soar. ". . . Caused butter prices to advance in the New York wholesale market another 1½ cents a pound. . . " "Milk prices in the Metropolitan area reached their highest in 26 years. . . " "Dun & Bradstreet's daily price index of 30 basic commodities. . . Hit a new 1946 high of 221.60 yesterday as compared to 219.47 the day before." Those are excerpts from a New York Times story. OPA economists say that basic food prices have risen as much since OPA went out as they rose during the whole period of price control.

The wicked witchcraft of inflation will work in a thousand ways to undermine the hopes of an orderly world. Of course, we have had some inflation before. Therefore, the enemies of price control argue, we should have more inflation.

In the international field the effects will be immediate. UNRRA will be able to buy less food. The same is true of hungry countries that are paying for supplies bought in this country.

Recently the United States made a loan to France. That loan had a markedly stabilizing influence on the country that is the key to a stable Europe. But if prices soar out of sight in America, the money France borrowed will do her little good since she will not be able to buy the machines she needs to modernize and re-habilitate her economy.

OPA Administrator Paul Porter was convinced that the Taft amendment as modified in committee after the President's veto would have made for a workable law. He felt compelled to put on the record his objection to other changes which remained in the "compromise" bill. But he knew that these changes would not be eliminated.

Amendments removing controls from basic commodities mean no price control at all. Every day that passes without action makes it that much more difficult to get the price control eggs back in the market.

The OPA staff has shown remarkable patience in staying on the job. The law provides that charges can be pressed against those accused of violating the law prior to its expiration even though the law has expired. That legal right plus an executive order issued after the veto, gives the OPA continuing status of a sort.

But such status is temporary at best as the obstructionists in the senate know full well. The eviction notices are coming down on tenants like an early snow. They are falling on those least able to protect themselves from the blast of mounting prices.

animals before they were born."

From a Los Angeles daily: "Vigorous protests were voiced against the establishment of a cock-tail bar on Hollywood boulevard by prominent churchmen, school officials, and citizens."

From the society column of a Pennsylvania newspaper: "The bride's mother wore deep pink carnations with blue and gray accessories. The bride wore a pink carnation."

From a want ad in an Indiana daily: "Wanted, reliable white nurse for two children to live in."

From an Ohio daily: "Standing at the edge of the crowd listening to the very short speech, a westbound streetcar continued on its course as though life depended on getting through."

From a Kansas City book review: "She and her husband, at the heights of their mutual careers in England, took a year off to write a book and have a baby respectively." The article then adds, significantly, "The results were 'Darkness in the Land.'"

Not all funnies are on the comic page.

Why Not Give Him a Chance Someday, Boys?

Good Morning!

—By The Bugler—

IDEAL SITE—In a cooperative program (federal and city) housing for 26 war veterans' families will be made available in Escanaba within a short time with the erection of 13 prefabricated steel houses by E. & M. Builders, Inc., subsidiary of the Edgely Shipbuilding company of Bay City under a federal government contract. Each housing unit will accommodate two families.

Thomas G. Myers of the company erecting the houses is establishing an office in Escanaba and reports that the work will go forward rapidly.

Meiers described the city-owned site on Lake Shore Drive where the old brewery once was located as the best he has so far seen in his experience in erecting such housing units. City of Escanaba public works crews have been busy for several days grading the block-large area in preparation for erection of the houses by the contractor.

COULD USE MORE—Escanaba had originally requested 30 units (housing for 60 families) but this number was not available.

"When I return I'm going to see whether it will be possible to supply Escanaba with more of these units," Meiers said the other day. "I understand you have use for many more, because the Chamber of Commerce has more than 100 applications for housing for veterans. If there are any additional units that can be had we will certainly try to get them."

NOT QUONSETTS—After all of the funny pictures in the magazines lately about the shape of human beings to come as a result of living in Quonset huts, members of local veterans' families will be relieved to know the housing units to be erected here are not of that type of architecture.

Wives of veterans therefore will be assured that Junior will not grow up into a permanently bowed figure, with a dome-shaped head and corrugated ears.

No Junior and other members of the family who reside in one of the temporary housing units will have ample headroom, at least. The prefabricated steel dwellings will have straight walls, an adequate number of windows and doors, baths and other plumbing facilities. The two-family unit will be 20 feet wide and 48 feet long, and will weigh a total of 16,000 pounds.

SIDEWALKS, TOO—Each family will have one-half of the unit, or a floor space area 20 by 24 feet. This will include a living room, bathroom, kitchen and two bedrooms. Obviously none of the rooms will be large, but at the same time it will seem palatial to many veterans who are now crowded into two-room flats on third floors, or are camping out in an overnight cabin back of a gas station.

The city is to provide the site, main sewer, water, electric and gas lines and construct sidewalks around the block. This work is now going forward and it is expected it will be finished at about the same time as erection of the houses is completed by the contractor. The contractor is to install the utilities connections to the houses, and the necessary sidewalks to and around the houses.

WILL HELP OTHERS—Com-

INTO THE PAST

10 Years Ago—1936

Spreading rapidly despite feverish attack by a crew of between 500 and 700 men, a forest fire in the Dana lake region, north of Nahma in the Hiawatha national forest, has burned through 2,500 acres of hardwood slashing early last evening was still far from being under control.

Mrs. Adele Sabourin, 81, a resident of the Wilson community for 60 years, passed away Friday evening at the family home at Wil-

son. Pat Fitzharris won the junior singles tournament in the inter-city matches played yesterday at Gladstone, defeating Jack Reynolds in the finals, 7-5, 7-5.

Henry Witte, 61, passed away at his home in Schaffer at 6:30 last evening as the result of a sunstroke he suffered during the day.

20 Years Ago—1926

Archie Harris was elected a member of the Gladstone board of education at a special election called last night to fill the vacancy caused by the ousting of Phil Hupy, president of the board, several weeks ago by the members of the state commission.

Clarence Tanis, Jesse Guyott and Roy Booth, who according to Sheriff J. P. Carney confessed to holding up the Busy Bee cafe in Gladstone early Saturday morning, were arraigned before Justice of the Peace Phil Hupy at Gladstone yesterday and all were bound over to circuit court for trial.

The Ruben Turnquist-Hjalmer Nelson doubles team won the DeMolay doubles tennis championship by decisively defeating the Stegath - Valentine combination, 6-2, 6-0 Sunday morning.

pletion of the housing units and their occupancy by veterans' families will help to alleviate the housing shortage for non-veterans as well.

Some of the dwellings in Escanaba which will be vacated by veterans' families are larger than the veteran needs. At the present critical condition in housing, however, the veteran will rent a large house because that is the only way he can find shelter at all, even though his family may be small. When the veteran moves it will make such places available to others, which will be a welcome change not only for the veteran and his wife but for the non-veteran who has been unsuccessful in finding a place to live.

FOR VETS ONLY—The new housing units to be erected may be occupied only by veterans and their families. That is only fair. The government wants to assure housing for the man who was taken out of civilian life and civilian opportunities during the period of the war. In trying to do this, it has limited construction only to housing for veterans, and any new dwelling that is built must first be offered for sale or rent to war veterans before it can be placed on the open market.

When the housing shortage no longer exists and the veterans have established themselves in homes of their own instead of temporary quarters, these priorities will be removed. The housing units being erected in Escanaba by the government may not be rented to non-veterans or sold to private individuals. When the need no longer exists the units will become the property of the city, and will probably be used at city parks as shelter houses for the public, or for equipment storage purposes. Right now that appears to be looking a considerable distance into the future.

—Clint Dunathan.

Q&A Service

—By WS Bureau—

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT!) MAIL THIS COUPON and a 3-cent stamped, self-addressed envelope to the ESCANABA DAILY PRESS SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. I am a disabled veteran now drawing pension. If I receive a notice to report for a physical examination, would my pension be terminated if I failed to report for this examination?

A. Yes, failure to report may result in the suspension of pension payments.

Q. I served overseas for five months, before being transferred back to the United States for discharge. Am I eligible for the extra \$100 in mustering out pay for overseas duty?

A. Yes. Any service personnel who served outside the continental limits of the United States for more than 60 days, is entitled to this overseas payment.

Q. Please describe the work of the Russell Sage Foundation.

A. It was created by Mrs. Russell Sage as a memorial to her husband. The initial endowment was \$10,000,000 to which \$6,000,000 was added in her will. It was incorporated by the New York Legislature April, 1907 Under the terms of its charter its works for the improvement of social and living conditions in the United States of America, and provides the means including research, publication, education, the establishment and maintenance of charitable benevolent activities, agencies, and institutions. It aids such activities, agencies or institutions, already established.

Q. My little daughter received a beautiful pedigree kitten for a birthday gift. Can I obtain through your bureau information about the care and feeding of kittens?

A. It was created by Mrs. Russell Sage as a memorial to her husband. The initial endowment was \$10,000,000 to which \$6,000,000 was added in her will. It was incorporated by the New York Legislature April, 1907 Under the terms of its charter its works for the improvement of social and living conditions in the United States of America, and provides the means including research, publication, education, the establishment and maintenance of charitable benevolent activities, agencies, and institutions. It aids such activities, agencies or institutions, already established.

Q. Did Bob Fitzsimmons ever hold the world middleweight boxing title?

A. He won the middleweight title by knocking out the famous "Nonpareil" Jack Dempsey in 13 rounds at New Orleans, January 14, 1891.

Q. How many bakers' and confectioners' supply houses are in the United States?

A. Approximately 200.

Q. What is the Latin for the abbreviation "viz" meaning "namely"?

A. Videlicet.

The first International Labor Conference was held in Washington, D. C., in 1919.

Tornadoes have been reported from every state in the United States except Nevada.

FAMOUS POEMS

A 24-page booklet of a selected group of 26 poems; also "NATIONAL ANTHEMS" giving the words of the national anthems of the world, now available. To get both copies, send this announcement with 10 cents to cover handling and mailing costs to Escanaba Daily Press Service Bureau, 1217 Thirteenth St., N. W., Washington, 5, D. C. Enclose your name and address clearly written.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington — Congressman Andy May of Kentucky, godfather of the war profiteers, has had quite a record for sucking on the nepotism bottle. Regardless of what he did or did not receive from the Erie Basin war contractors, at one time the total "Take" from government jobs for himself and relatives was around \$20,000 annually. Here is the nepotism score card of the government jobs held at

various times by his family:
Mrs. Julia G. May, wife, secretary \$3,000
Mrs. Bess S. May, daughter-in-law, Postmistress of Prestonburg, Ky., May's home town . . . \$2,400
Lucille M. Herndon, sister-in-law, clerk in his office . . . \$3,300
William May, Jr., nephew, analyst in Louisville office of federal land bank \$3,600

In addition, May's son, the late Andrew J. May, Jr., and his nephew, Jack May, were given jobs with the mysterious Cumberland Co., financed by the Erie Basin Company and which May apparently operated.

NOTE—May received more than \$48,000 from the Erie Basin profiteers to set up the lumber company, but when the money was returned by him last April, the Erie people got back only \$40,000. Thus, May or someone around him spent or used around \$8,000 which is unaccounted for.

—MANGANESE KING MAY—

When Congressman May of Kentucky piously beat his breast on the floor of the House and proclaimed his great patriotism and complete innocence regarding war contracts, he failed to tell his glib colleagues about another deal in which he also tried to make some money.

It so happens that Congressman May is president of the Greenbrier Manganese Mining Company, an outfit which has acquired 7,000 acres of West Virginia low-grade Manganese land. Manganese is essential to the smelting of steel, but the deposits found in this country are so poor that army-navy experts say it is essential for this country to have a stockpile of imported manganese on hand in case of war. They say we cannot risk being cut off from foreign manganese by submarine.

Congressman May, however, has not always put the interests of his country ahead of the interests of his company in respect to manganese.

Once, prior to the war, when the navy was planning to accumulate a manganese stockpile, naval officers accused the gentleman from Kentucky of pressuring them to reduce the specifications for manganese to such a low quality that poor-grade domestic manganese could be sold to the navy, instead of high-grade imported manganese.

This meant, of course, that Mr. May's Greenbrier Manganese Company would have a chance to sell to the navy. But it also meant, in the vigorous opinion of naval and bureau of mines experts, that the quality of manganese would not be high enough to produce the high-test steel so necessary to U. S. battleships.

—MAY GOT WAR CONTRACT—

Again, in October, 1939, the procurement division of the treasury awarded a \$180,000 contract to May's Greenbrier company for manganese, under very mysterious circumstances. His company was not the lowest bidder, did not put up a performance bond, and did not have any funds with which to operate. An official said that they planned to go to the RFC and borrow the money.

It so happened that May had introduced the strategic minerals bill under which manganese was to be stockpiled.

When he was accused of bringing influence to help his company, however, the congressman issued a pious denial, and said his company would not go through with the contract.

Last chapter in the story of May's great patriotism occurred quite recently when a new postwar bill was before Congress to permit the army and navy to stockpile essential materials in case of another war. This bill provided that manganese could be imported by the army and navy without paying a tariff.

Suddenly, however, Congressman May, head of the Greenbrier Manganese Company, had the bill withdrawn from the floor of the House after it had already been agreed to by committees of both the House and Senate. He then proceeded to knock out the provision that army-navy manganese could be imported duty free.

Naturally, army-navy payment of a tariff on manganese would help domestic manganese producers, of which Mr. May is one. Naturally the American taxpayer, whom Mr. May is supposed to represent, thereby stood a greater chance of having money wasted. Mr. May, however, voted not for the public but for his pocketbook.

Mrs. Emil Deterville, 606 Stephenson avenue, is in Oconto, Wis., to attend a funeral.

Mr. and Mrs. William Brumbaugh of Fort Pierce, Fla., are visiting Mr. and Mrs. Joseph Klingner, 1107 First avenue north. Mrs. Brumbaugh is the former Rose Klingner.

Miss Lucille Lantz, 1308 Fifth avenue south, who visited a month in Manitowoc at the D. A. Johnson home, returned last night.

Sgt. and Mrs. Leo Laviolette, 401 South 11th street, left yesterday for Antigo, Wis., where they will visit for two weeks.

Mary Jane Rule of Linden, Wis., left for a visit in Milwaukee yesterday after vacationing here as the guest of Mr. and Mrs. Napoleon Gauthier, 309 South 19th street.

Mr. and Mrs. John Nerenhaus, 416 South 12th street, are spending the weekend in Milwaukee.

Mrs. William Ritchie returned to her Marinette home yesterday after visiting a few days with Mrs. J. E. Byrns, Ludington hotel.

Mrs. Edward Cressell, who visited her mother, Mrs. W. A. La Mire, 421 Second avenue south, returned yesterday to Evanston, Ill., her home.

Mrs. Augusta Young of Alhambra, Calif., who spent a month and a half visiting friends and relatives here at her former home, left yesterday for California.

Miss Jane McDonnell of Detroit and her guest, Miss Angeline Penola, who visited for two weeks with Mr. and Mrs. T. A. McDonnell, 320 South 17th street, returned yesterday to Detroit.

Miss Elin Petersen of Copenhagen, Denmark, who is attached to the Danish Legation in Washington, D. C., and who visited her aunt and uncle, Mr. and Mrs. Emil Petersen, 1906 First avenue south, left yesterday.

Mrs. Anna DeMars, 310 South 16th street, is visiting her daughter, Katie DeMars of Milwaukee for four days.

Mrs. Pearl Schmitt and daughter, Sylvia, of Chicago, returned to their home yesterday after visiting three weeks with Mrs. C. A. Pillote, 323 North 20th street.

Miss Bernita Switzer, who visited her sister, Miss Barbara Switzer, 1405 Ludington street, left for Chicago, her home, yesterday.

Mr. and Mrs. John Stocker and daughter, Evelyn, 302 South 10th street, are in Green Bay for the weekend.

Pvt. Donald Menger, who spent ten days at his family home, 933 Sheridan road, left yesterday for Greensboro, N. C., where he is stationed.

In Milwaukee for a few days is Mrs. Rena MacKay, 1122 Third avenue south.

Miss Victoria Nelson, who visited her mother, Mrs. Olga Nelson, 1125 Lake Shore drive, returned yesterday to her home in Chicago.

Mrs. Frank Norris has returned to her home in Detroit after visiting for two weeks with Mr. and Mrs. Henry Menard, Flat Rock.

Mrs. Andrew Christensen, Rt. 1, left yesterday for Kenosha, Wis., to see Mrs. Essie Quinn who is seriously ill. Mrs. Quinn is a former resident of Escanaba.

Mrs. Mary Arbagey, three children and one grandchild, of Chicago, who visited two weeks with Mrs. Joe Saykily and Jim Elias, relatives, have returned home.

Joe Nabkey of Milwaukee returned yesterday to his home after visiting a week with Jim Elias, 534 North 19th street.

Miss Blanche Traude and Mrs. Madge Laurence of Chicago, who are vacationing at Merrywood cottage, Ford River road, are returning to Chicago for a few days.

Mrs. Merrill Johnson, 1419 North 16th street, is in Milwaukee visiting her husband. From there she will go to Kalamazoo to visit a sister and will be gone for two weeks.

Mr. and Mrs. Joe Depotise and children, Joe and Gerald, returned to Milwaukee yesterday after visiting with Mrs. Henry Klatz, 533 North 19th street.

Seaman First Class Jack Zeno, U. S. N. R. V-6 arrived Wednesday evening, July 10th from Great Lakes, Ill., where he received his discharge from the Navy. He enlisted on May 30, 1945, and he last served on the USS Alshain A. K. A. 35. Jack is the son of Mr. and Mrs. Emil Zeno, State road, Escanaba.

Mr. and Mrs. Cecil Marcom who have been visiting Mr. and Mrs. Donald Campbell of 317 South 17th street, have returned to their home in Van Wert, Ohio. They also visited Mr. and Mrs. Milton Touzel, Jr., at Grand Marais for several days. Mr. Marcom, Mr. Campbell and Mr. Touzel were stationed at Pearl Harbor for some time.

William Hendries returned yesterday to his home in Chicago after visiting during the past week with his aunt, Mrs. Rudolph Schwarz, 112 South Ninth street, and with Mr. and Mrs. John Kammer in Rock.

Mr. and Mrs. Logan Barnett, Jr., and Phillip Traut have returned to Chicago after attending the funeral of their nephew, Clyde K. Anderson. They were accompanied on their return trip by August Erickson. Mrs. Traut and daughter, Phyllis Jeanne, are remaining here for a visit.

Mr. and Mrs. David Anderson and son, Loyde, and daughter, Mrs. Leo Gister, have returned to Racine, Wis., after attending the funeral rites for her brother, Clyde Anderson.

Mr. and Mrs. Alphonse Clements, 304 South 11th street, returned Sunday from Miami, Fla., where they visited Mrs. Clements' brother, George Dion.

Mrs. Emma Rowe of Duluth has gone to Munising after visiting her sister, Mrs. Alphonse Clement, Mr. and Mrs. E. C. Barker have returned to their home at Oak Ridge, Tenn., after visiting for the past three weeks at the home of Mr. and Mrs. William Elmer, 1015 Ludington street.

Miss Evelyn Parks, trustee consultant of the state library at Lansing, stopped briefly on a business trip at the Carnegie public library yesterday.

Miss Mary Couillard and Miss Doris Dagnais will spend part of the weekend in Marinette.

Mr. and Mrs. L. A. Schwendeman and daughter, Lois, have returned from Brainerd, Minn., where they visited for a week and a half.

RECENTLY WED—Miss Ruby Kolich of Milwaukee became the bride of Clarence J. Beauchamp of Gladstone Route One, on July 6.

ed Sunday from Miami, Fla., where they visited Mrs. Clements' brother, George Dion.

Mrs. Emma Rowe of Duluth has gone to Munising after visiting her sister, Mrs. Alphonse Clement.

Mr. and Mrs. E. C. Barker have returned to their home at Oak Ridge, Tenn., after visiting for the past three weeks at the home of Mr. and Mrs. William Elmer, 1015 Ludington street.

Miss Evelyn Parks, trustee consultant of the state library at Lansing, stopped briefly on a business trip at the Carnegie public library yesterday.

Miss Mary Couillard and Miss Doris Dagnais will spend part of the weekend in Marinette.

Mr. and Mrs. L. A. Schwendeman and daughter, Lois, have returned from Brainerd, Minn., where they visited for a week and a half.

Mrs. Henry Wylie and son, Kay, 629 South Ninth street, who have been vacationing and visiting relatives in Lower Michigan, have returned home.

Mrs. Henry Charlebois and daughter, Verie, former residents who now live in Dearborn, Mich., are visiting friends.

Leaving tomorrow for Copper Harbor, where they will vacation, are Mr. and Mrs. Clarence Sanborn, 1425 North 20th street.

Miss Audrey Allen, Miss Carol DeMars, Miss Mary Garvey, and Miss Florence Derouin are in Marinette for the day.

After vacationing in Marquette, Miss Georgia Jennings of Chicago arrives tomorrow to visit as a guest of Mr. and Mrs. A. J. Schmeltzer, 1122 10th avenue south.

Joe LaMay of Milwaukee is visiting his relatives in Wells and Gladstone.

Mr. and Mrs. Henry Correau and children of Milwaukee are visiting Mrs. O. Correau, North 18th street.

Carlton R. Schils, gunner's mate first class, who has been visiting his family home, North 19th street, for four days, leaves tonight for South Carolina where he is stationed.

Mr. J. G. Richard Kamrath, son of Mr. and Mrs. Arthur Kamrath, 1012 Eighth avenue south, arrived Wednesday evening from San Francisco, Cal., where he received his discharge from the navy air corps. Lt. Kamrath was in service for three and a half years and spent two years in the south Pacific and the Hawaiian Islands.

Miss Helen Stecker of Canton, N. J., is a guest at the Arthur Kamrath home, 1012 Eighth avenue south.

Warren C. Horton arrived last night from Chicago to spend the weekend with his wife who is contagious on the Ford River Road and with other relatives.

Mr. and Mrs. James Christie have as their guests their daughter, Mrs. Richard Kasischek, and granddaughter, Kathleen, of Detroit, who are here for a short visit before joining Mr. Kasischek, who is on the Berlin staff of the Associated Press. Mrs. Kasischek, the former Viola Christie, and daughter will fly to Germany from New York, leaving July 25.

Furney Deiter, 1117 First avenue north, has returned from a week's vacation in Fond du Lac, Wis.

Mrs. Raymond Hidigas, Mrs. Adolph Wonder and daughter have returned to Fond du Lac after visiting Mr. and Mrs. Walter Goodman, 625 North 20th street.

Sgt. John T. Zeno, Escanaba Route 1, has returned to his home following his discharge from the navy at Great Lakes, Ill., this week.

Miss Kathleen Mullin, a student nurse in Duluth, arrives tomorrow night to visit at her family home, 121 North 19th street. Her parents are Mr. and Mrs. Patrick Mullin.

Morris and Donald Miller, who spent a week visiting friends and relatives in Milwaukee, have returned.

Miss Pat Wigand of Wells, who is in nurse's training at St. Mary's hospital, Duluth, Minn., is arriving today to visit at her family home, Wells.

Mr. and Mrs. Marvin Folio and family of Kalamazoo are visiting Mrs. Charles L. Folio, 1128 Eighth avenue south.

Mr. and Mrs. H. H. Robb of Fort Pierce, Fla., are the guests of Mr. and Mrs. A. J. Young, 260 Lake Shore drive.

Miss Lois Noel of Wells, who spent a week visiting with her sister, Mrs. Roy Belanger, of Milwaukee, is returning this evening.

Sunday Church Services

St. Patrick (Catholic)—Mass each Sunday at 6, 7:30, 9:30, 11. Weekday masses at 7 and 7:30. Thursday Holy Hour at 7:30 p. m. Confessions Saturday at 3 and 7. —The Rev. Martin. B. Melican, pastor; Rev. Norbert Freiburger and Rev. Thomas Ruppe, asst. pastors.

Blanche Wojcik Is Bride Of Edward Gurosh Of Wilson

At one of the most largely attended weddings of the season, Miss Blanche Wojcik, daughter of Mr. and Mrs. Albert Wojcik, La Branche, became the bride of Edward Gurosh, son of Mr. and Mrs. John Gurosh, of Wilson. Rev. Joseph Blyn of Pulaski, Mich., performed the morning service at nine o'clock Monday in the Polish National Catholic church at Harris.

Miss Victoria Mroczkowski handled the music and church decorations were accented with red tulips and bridal wreath.

Wearing a white tulle gown that descended into a long train, the bride wore a three quarter length veil held at the top by a headpiece of orange blossoms. She carried a bouquet of pink roses and white carnations.

Miss Jean Wojcik was maid of honor; the other attendants were Miss Helen Wojcik, Miss Angeline Maniowicz, and Miss Wanda Wojcik. They were gowned alike in dresses of net, salmon pink for the brides and full skirts of white. Each carried a bouquet of red roses and snap dragons. Little Gladys Monicke, niece of the bride, who acted as flower girl, wore a dress like those of the attendants.

Elmer Gurosh was best man. Walter Gabor and Raymond Kuhlarski served as ushers. A nephew of the groom, Johnny Drozd, acted as ring bearer.

For her daughter's marriage, Mrs. Wojcik chose a dress of blue with white accessories. Mrs. Gurosh, mother of the groom wore jersey gown of white print.

Immediately following the ceremony 1,000 guests had breakfast at the Bark River Community hall. Dinner and supper were also served. A three-tiered cake was cut during the festivities.

The newly married couple made a wedding trip through Wisconsin and Indiana, the bride choosing a red suit accented by black and white accessories for her going away outfit. Mr. and Mrs. Gurosh will reside in Wilson at the bridegroom's parent's home.

Among the many guests were included John Gurosh, Newark, N. J.; Mrs. Mike Niemiec, Wallington, N. J.; Mrs. Anna Driga and daughter and sons of Wallington, N. J.; Mr. and Mrs. Frank Mageira and son, Louis, of Gary, Ind.; Mr. and Mrs. John Plecinski and daughter, also of Gary; Miss Angeline Maniowicz, Mr. and Mrs. Jack Gurosh and son, Mr. and Mrs. Elroy Monicke and daughter, Mr. and Mrs. George Evo, Mrs. Anna Pena, and Mrs. Albert Suers and daughter of Chicago; Mr. and Mrs. Adolph Drozd and family, Mrs. Mary Gurosh and son, Henry Tagloga, Mr. and Mrs. Wayne Weber, Bernard and Albert Klus, Mike Jukiewicz of Racine; Mr. and Mrs. Walter Lymanski of Milwaukee; Mr. and Mrs. Frank Lash and Mr. and Mrs. John Pdmik of Munising; Miss Wanda Wojcik of Omaha, Neb.; Cpl. El-

GRADUATE — Bertha June Gardner, daughter of Mr. and Mrs. Joseph Gardner, 420 South 16th street, recently completed her training and was graduated from St. Anthony's School of Nursing, Rockford, Ill. Miss Gardner is remaining at the school for additional study until September.

Births

Mr. and Mrs. Jack Novak of 420 South Eighth street are the parents of a daughter, Geraldine Elizabeth, born July 7, in St. Francis hospital. It is their second child.

Mr. and Mrs. Medrick Labell, 1818 Eighth avenue north, are the parents of a six pound daughter, Linda Lou, born July 11 at the family home. She is the second child.

Blueberry Pickers Can't Use Rakes On State-Owned Lands

Lansing (AP)—No rakes, cradles and other mechanical devices to gather blueberries may be used on state-owned lands this year, the State Conservation department said.

The regulation permitting only hand-picking on state-owned blueberry marshes was suspended during the war but will be effective again this year.

Nahma

Church Services
Nahma, Mich.—St. Andrew's Catholic church, July 14, Mass at 10:30.

Persons
Miss Mary Krutina spent Monday and Tuesday of this week in Escanaba training the camp staff and camp aides for the Girl Scout day camp which will open on July 29.

Mrs. Myrtle Lavigne of Chicago is visiting with relatives here.

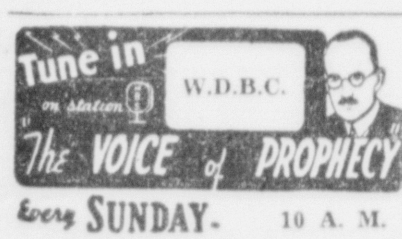

Saturday evening guests at the Richards Bjorkman home were: Mr. and Mrs. Vern Ekstrom, Mr. and Mrs. Gus Nye, Mr. and Mrs. Lyle Smith, Mr. and Mrs. Glen Pawley and Mr. Ralph Ekstrom, all of Manitowish.

Miss Jeanne Swanson of Manitowish spent the weekend at her home here.

Mr. and Mrs. Kenneth Bogar, Mr. and Mrs. John Clark and Mr. Rudolph Clark spent several days last week visiting at various points in the Copper Country.

Mrs. George Schwartz who visited here has returned to her home in Detroit.

mer Gurosh of Chanute Field, Ill., and Stanley Wojcik of Midland, S. D.

Careful Canning Methods Will Eliminate Spoilage

East Lansing (AP)—It's a wise housewife who looks at this summer's fruit and vegetable crops in terms of next winter's food supply.

Prospects for good yields of small fruits and vegetables in Michigan this year give housewives a good opportunity to have their larders well stocked with home canned products, Michigan State College nutrition experts believe.

But this is no year for haphazard canning methods which result in waste of foods, and sugar—and too much of one canned product and not enough of another.

Canning this year will require more figuring and more corner cutting—to get the most out of the scanty sugar supplies and to determine which of the available fruits and vegetables should be bought at prevailing prices, Roberta Hershey, MSC extension specialist, declared.

Higher Prices
Home gardeners will be the best off for winter canning supplies while others may have to pay higher prices to get fruits and vegetables for preservation.

The 1946 allotment of canning sugar should in most cases be sufficient if the canning plans are carefully made, Miss Hershey said. Each person has 10 pounds of sugar for canning and if the fruit is canned at the peak of ripeness, 40 quarts can be canned with each ration, she explained.

In an average family of four that means 160 quarts of fruit which is an ample supply for the winter months. The sugar ration, however, practically eliminates the making of jams and jellies, she declared.

For Less Sugar
To get the best flavor result in any fruit canning when little sugar is used, prepare the fruit and simmer slowly in a thin syrup, Miss Hershey advised.

Reports on 1945 spoilage of home canned products in a survey of 15 counties indicate that homemakers need to make a double check of their canning methods, she reported.

The survey showed that an average of 64 per cent of the vegetables and seven per cent of the fruit spoiled while 12 per cent of the meat spoiled, she said, and most of this could have been avoided if care had been taken in canning.

Use Pressure Cooker
All non-acid vegetables and

meat should be canned in a pressure cooker, she advised. Spoilage is less and food value is better when the hot pack method is used for fruits. Oven canning is dangerous and spoilage high unless extreme care is taken, she warned.

The open kettle method is successful for jellies, jams, preserves and pickles which are canned with sugar, vinegar or salt to prevent spoilage, Miss Hershey declared. Open kettle is not safe for vegetables or meat.

She recommended that processing for vegetables, meat, fish and poultry be done at 10 pounds pressure instead of 15 pounds which was formerly standard, and a longer period be used. Quart jars of greens need 105 minutes at 10 pounds, while corn takes 75 minutes and snap beans need only 40 minutes.

Social - Club

Engagement Announced

Mr. and Mrs. Joseph Chaulklin, Escanaba Route One, announce the engagement of their daughter, Dorothy, to Norbert Young, son of Mr. and Mrs. Adolore Young, 21st street. They will be married on July 27.

Kolich - Beauchamp Nuptials
Miss Ruby Kolich, 1618 North 16th street, daughter of Mr. and Mrs. Paul Kolich, 1733 South Fifth street, Milwaukee, Wis., and Clarence J. Beauchamp, son of Mr. and Mrs. George Beauchamp, Gladstone, Route 1, were united in marriage on July 6. The morning service at 8:30 was read by Father Francis X. Hoffer at St. Joseph church.

Maid of honor was Miss Sophie Kolich, sister of the bride, and Miss Betty Sabar was the bridesmaid. A brother of the groom, Leonard Kolich, served as best man and Joseph Kolich, the bride's brother, was the usher.

After the marriage ceremony a breakfast was served to nine guests at Belle's Coffee shop. That afternoon 34 guests met the new couple at a reception at the bride's home.

Next month Mr. and Mrs. Beauchamp will take their wedding trip to Milwaukee, Rhinelander, Wis., and Detroit. They are making their home at 221 North 16th street.

Out-of-town guests included Mr. and Mrs. Martin Semonic and

Elizabeth Lord, Stanley Peterson Wed At Bark River

In an evening candlelight ceremony performed June 29 in Bark River Methodist church Miss Elizabeth S. Lord, daughter of Mr. and Mrs. Herbert Lord of Chicago, and E. Stanley Peterson of Bark River were united in marriage by the Rev. Otto Steen, pastor of the First Methodist church in Escanaba. The bridegroom is the son of Mr. and Mrs. Ebrath Peterson of Bark River.

Miss Audrey Bruce sang "Because" and Miss Juanita Brown "The Lord's Prayer", accompanied by Miss Irene Steen at the piano, as music of the ceremony.

Attendants of the bridal couple were Miss Arlene Peterson and Lloyd H. Peterson, Harold Sandberg and Wesley Palmgren served as ushers.

Following the service Mr. and Mrs. Peterson were honored at a wedding dinner served to fifty guests at the home of the bridegroom's parents.

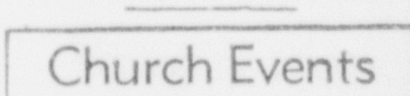

Mr. and Mrs. Peterson left on a wedding trip through Wisconsin and Illinois and upon their return will make their home at Bark River.

Guests from out-of-town attending the wedding ceremony were Mrs. H. P. Gratz and daughter, Jean, of Madison, Wis.; Francis Paternoster, Mr. and Mrs. Harold Sandberg, Mr. and Mrs. Herbert Lord of Chicago; Miss Jaunita Brown of Winnetka; Miss Audrey Bruce of Wilson, and Miss Helen Deloughary of Escanaba.

Church Events

Service Time Changed

VERY POPULARSponsors Issue SOS For
More Volunteer
Assistants

The first week of the Girl Scout day camp has been pronounced an unqualified success. Thirty-two girls, four more than the number originally planned to be cared for, have spent four happy days out in the open, taking a hand in the preparation of their own meals, learning handicraft in the manufacture of simple articles of ornamentation, taking part in dozens of thrilling experiences and best of all, learning the fundamentals of social contact.

The preparation of certain tasty foods seemed to be the most popular diversion, for the children invariably were very hungry when meal-time arrived. In this respect, the experience they liked the best was the baking of biscuits at the end of sticks. The biscuit dough was prepared by one of the women in charge and each girl was given a wad of dough to place on a stick and hold over the fire.

Another dish that proved very popular with the Brownies was molasses crisp. This was bread dipped in molasses and then fried in a pan. One little girl pronounced it "nummy" and the rest all agreed.

Handicraft work took in the making of picture designs on pine boards, outlining them with nail marks to give the effect of hammer-wedged, coat ornaments made of leather and felt, and teddy bear pins.

The big event on Friday was a treasure hunt in which the girls followed clues, tracks and marks to where a treasure of wrapped candy was cached.

There have been many other diversions, including games, group singing, story telling hour and a rest period which is also much appreciated by both the children and those in charge, for the children play hard.

"We certainly could use a few more assistants," said Mrs. A. F. Hall, head of the Girl Scout organization in Manistique. "Everything has been getting on fine, but we haven't nearly enough helpers." (Volunteers may call her at her home, 223-J, or phone Mrs. K. Van Eyck, 184.)

This week has been and the coming week will be for Brownies, or girls from 7 to 10 years.

Social

Honored

Mrs. Malcolm Miller was the guest of honor at a shower given for her Thursday evening at the home of Mrs. J. J. Van Dyck, on South Third street, by Mrs. J. H. Van Dyck, Mrs. Harold Bowman and Mrs. J. J. Van Dyck.

The evening was spent in playing cards with prizes being awarded in five hundred to Mrs. George Tufnell, high, Mrs. Harry Dewey, second, and Mrs. W. L. Schenck, low. In Po-ke-no, prizes were awarded to Mesdames Irma Brown, Ed Armstrong, Charles Glat, William Graff, Malcolm Miller, Jesse Riley, Marlin Wolfe, Harvey Tufnell, Albert Fiebertz, Robert Rice, Irene Trippensee and Oscar Blomquist. Mrs. Graff also received the special award.

A delicious lunch was served later by the hostesses. Mrs. Malcolm received many lovely gifts.

Top Secret Radar
Gets Peace Role On
Great Lakes Ships

Detroit—(AP)—Radar, one of the nation's principal wartime weapons, made its debut in a peacetime role on the Great Lakes this week.

Shipping executives saw the wartime top secret in operation aboard the 100-foot motor yacht "Wanderer" as it cruised in the Detroit river.

Although the test run was made in daylight, officials said it showed conclusively the effectiveness of the radar unit, which was housed within a darkened area of the cabin.

Blurs of light on the screen marked shipping in the river, from the biggest to the tiniest craft. Buoys, the Ambassador bridge and other markers showed up plainly.

Army officers headed by Col. Frank A. Pettit, commanding officer of the United States lake survey, witnessed the demonstration and declared the use of radar would mean a new era of still safer navigation on the Great Lakes.

MARRIED RECENTLY—Miss Betty Tennyson, daughter of Mr. and Mrs. William Tennyson became the bride of Donald Lee, son of Mr. and Mrs. Neil Lee of Gould City recently at a ceremony which took place in Manistique at the Free Methodist church.

Church Services

CARD OF THANKS

We wish to express our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends during our recent bereavement. We are especially grateful to those who sent floral offerings, Rev. J. D. B. Adams, Chaplain J. R. Lowell of the American Legion, Central Baseball League, the V. F. W., D. A. V., and the American Legion, those who donated the use of their cars, those who served as pallbearers, and to all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:

Mrs. Clyde Arrowood
and family
Mrs. Almada Arrowood
and familyBUNDY HEADS
SCHOOL BOARDSucceeds Ben Gero Who
Has Been President
For Past Year

H. K. Bundy was elected president of the Manistique school board at the board's recent reorganization meeting, succeeding Ben Gero who has held that position for the past year.

Also elected at that time were Robert Berger, vice president; Alice Reilly, secretary, and J. Mauritz Carlson, treasurer. All of these officers, with the exception of Mrs. Reilly are members of the board.

Other business taken up at the meeting was the acceptance of the report of the election inspectors certifying to the reelection of Mrs. J. Joseph Herbert and J. Mauritz Carlson.

Cockeyed Sense Of
Property Rights
Led To Trouble

Fines were assessed against Harold Piazzola, William Sheldon and Fritz Archambault following their pleas of guilty in justice court Wednesday to charges of the larceny of two vices belonging to Hugo Marx, who resides alone in Hiawatha township. The men were fined \$10 each, plus \$5 costs and placed on probation.

Search is still being made for a fourth party, Elmer Jenevau, who it is alleged was with the other three when they attempted to steal the vices.

Marks came upon the men when they were attempting to take the vices and as the provokers' car raced past him, he blazed away at it with his shot gun. The peppered car and peculiarities in the treads of the car's tires made apprehension fairly simple.

Arrests were made by the state police.

Arrest Flint Man
On Felony Charge

Sgt. J. Ringler, of the state police at Flint, returned Thursday to Flint with H. J. Stasa, who is wanted there on a felony charge. Stasa was arrested in Manistique Tuesday shortly after the local state police station had received a request to be on the lookout for him.

New State Trooper
Is Assigned Here

Harold Snyder, of McMillan, has been assigned to state police duty and stationed at Manistique State Police quarters.

Trooper Snyder has been in the armed service and during the war was stationed in Persia. Prior to his entrance in the armed service he was connected with the state conservation department.

American Sunday School Union speaking.

Cooks—Sunday school at 10:00 a. m. in the community church. Mrs. D. L. Detmer, supt. Evening service at 7:30 p. m. Rev. Gerald W. Bowen speaking.

Geraldine Bubick
Becomes Bride Of
Martin Beaudre

St. Joseph's church in Marinette was the scene Saturday, July 6, of the wedding of Miss Geraldine M. Bubick, daughter of Frank Bubick, 305 North Cedar street, Manistique, and Martin M. Beaudre, son of Mr. and Mrs. Fred Beaudre of Garden. The vows were exchanged before the Rev. Fr. O. J. Champagne at a 9 o'clock nuptial high mass.

The traditional wedding music was played, and "Ave Maria" was sung by Miss A. B. Gazette of Marinette.

Miss Bubick was beautifully gowned in a fitted model of white satin, fashioned with a sweetheart neckline, long sleeves, and a long train. Her fingertip veil, edged with matching lace, was gathered to a crown of seed pearls. She carried a colonial bouquet of mixed flowers.

Her sister, Miss Kathleen Rubick, who was maid of honor, wore a blue gown with a net over satin bottom and eyelet. The bridesmaid, Miss Meriel Beaudre, sister of the bridegroom, wore a pink gown of net over satin bottom and taffeta top. Both attendants wore matching veils and carried colonial bouquets of mixed flowers. Mrs. Beaudre, mother of the bridegroom, was dressed in black.

Harold Greene of Garden served as best man, and Lawrence Rubick was usher.

Following the ceremony a wedding breakfast was served to the members of the immediate families at Hotel Marinette. Fifty guests attended the wedding reception which was held at the home of the bride's father in Manistique at 4 o'clock. The house was beautifully decorated with streamers and fresh flowers. A large wedding cake topped with a miniature bride and groom centered the table.

The bride is a graduate of the local high school, class of 1943, and is employed with the Michigan Associated Telephone company. Mrs. Beaudre attended schools in Garden and is employed with the Bureau Trucking company in Manistique.

Mr. and Mrs. Beaudre will make their home on Main street in Manistique.

Out-of-town guests at the wedding were: Mrs. John Strudel and

MANY PLAN TRIP
TO CAMP SHAW4-H Clubbers To Spend
Week At U. P.
Outing

Schoolcraft county's quota of seventeen girls and thirteen boys will be represented at the annual 4-H club encampment for the Upper Peninsula to be held at Camp Shaw, Chatham, starting Monday, August 5 and continuing on until August 9.

Representative club members from all of the counties in the Upper Peninsula will attend the camp, each county being given a quota as to the number of club members who attend. This arrangement has had to be made because in years past the camp has been filled to its capacity.

Club members wishing to attend camp must get their requests to the county agent's office as soon as possible and no later than July 24. Should more club members wish to go than the quota will allow, preference will be given to the members who have never had the opportunity to attend camp in previous years.

Demonstration teams will be

Gagnons Celebrate Golden Wedding, Open House Today

Munising—Open house will be held all day Saturday for friends and relatives at the home of Mr. and Mrs. Angus Gagnon, 615 West Onota street, in honor of their golden wedding anniversary.

Fr. Ovid J. LaMothe, Sacred Heart church will celebrate a high mass at 8:00 o'clock in the couples' honor with a special blessing following the mass.

Mr. and Mrs. Gagnon were married July 13, 1906, at Benson, Minn. New York. They came to Munising in 1910, where Gagnon had taken employment at the Munising Paper Mill. He retired in 1943 due to ill health.

The aged couple have eight living children and thirteen grandchildren.

Out-of-town guests for the day will include: Mr. and Mrs. J. C. Dumas and son, Severe, of Sudbury, Ontario and Gerry Gagnon of Laona, Wis.

Teenager Promotes Junior Boxers Here, Fights On Wed'y

Munising—Miss Sue Spencer a Munising teenager, is going to run Mike Jacobs, fight promoter, a close second if the popularity of her fight shows continues and grow as compared to the response given by neighbors at Thursday evening's fight card at the Bay View Addition ring.

An accomplished pianist, Miss Spencer has taken it upon herself to organize, outfit and train aspiring fighters, a far cry from tickling the ivories.

Interest in boxing by the Bay View Addition "gang" stemmed from the Fourth of July fight card held by the Munising American Legion promoters, Miss Spencer said. The youngest fighter Miss Spencer has in the ring is four and a half years old. The oldest is 12 years old. Using one minute rounds, the fights usually last about five rounds in all.

A crowd of 23 interested persons watched the matches staged Thursday evening, and she expects a much larger crowd at the ringside when four of her boxers will scrap it out with the gloves on Wednesday, July 17.

The boxing card that day will include: Robert Spencer, eight years old, fighting Billy Davis, six years old. Delbert Mercer, 11 years old will exchange blows with 12 year old Nelvin Thunander.

Thursday evenings card saw Robert Spencer matched against Chucky Nebel, both eight years old. Spencer also fought Billy Davis. Sherman Nebel, four and a half years old fought Robert Courtney, a year and a half the senior, but those who saw the fight say it was quite a scrap with Chucky really doing some fancy fist work. There were no decisions made as to who won the fights.

The fighters are completely equipped with gloves, punching bag for practicing, a ring with ropes and all other equipment used by the big boxers.

The young scrappers look to

George Dougherty for their training when he has time to be with them, but otherwise they practice all day long with unscheduled fights in the ring.

A small admission fee is charged to defray expenses. It only costs two cents to buy a small yellow ticket which reads ("Fight!") July 17, 1946, 2c adms. 2c). They had forgotten to place the time of the fights but said that would be announced later in plenty of time for the public to take in the affair.

Six Alger Veterans Returned Last Week

Munising—Six Alger county veterans returned home from the service during the week ending July 13, it was announced by the local board yesterday.

They were as follows: Munising, Robert O. Berube, Fern L. Osland (Spar), William E. Putvin, Grand Marais: Charles M. Propp and Harold R. Meldrum.

Traunk: Joseph Mahne.

Ecker Bound Over To Circuit Court

Munising—William L. Ecker, 66, was arraigned Friday in Justice of the Peace John A. Vizen's court on a charge of adultery and was bound over to circuit court.

He was committed to the Alger county jail in the Munising court house, on failure to furnish bond set at \$5,000.

DAILY PRESS BLDG.
111 Cedar StreetBROWNIE CAMP
VERY POPULARSponsors Issue SOS For
More Volunteer
Assistants

The first week of the Girl Scout day camp has been pronounced an unqualified success. Thirty-two girls, four more than the number originally planned to be cared for, have spent four happy days out in the open, taking a hand in the preparation of their own meals, learning handicraft in the manufacture of simple articles of ornamentation, taking part in dozens of thrilling experiences and best of all, learning the fundamentals of social contact.

The preparation of certain tasty foods seemed to be the most popular diversion, for the children invariably were very hungry when meal-time arrived. In this respect, the experience they liked the best was the baking of biscuits at the end of sticks. The biscuit dough was prepared by one of the women in charge and each girl was given a wad of dough to place on a stick and hold over the fire.

Another dish that proved very popular with the Brownies was molasses crisp. This was bread dipped in molasses and then fried in a pan. One little girl pronounced it "nummy" and the rest all agreed.

Handicraft work took in the making of picture designs on pine boards, outlining them with nail marks to give the effect of hammered ware, coat ornaments made of leather and felt, and teddy bear pins.

The big event on Friday was a treasure hunt in which the girls followed clues, tracks and marks to where a treasure of wrapped candy was cached.

There have been many other diversions, including games, group singing, story telling hour, and a rest period which is also much appreciated by both the children and those in charge, for the children play hard.

"We certainly could use a few more assistants," said Mrs. A. F. Hall, head of the Girl Scout organization in Manistique. "Everything has been getting on fine, but we haven't nearly enough helpers." (Volunteers may call her at her home, 223-J, or phone Mrs. K. Van Eyck, 184.)

This week has been and the coming week will be for Brownies, or girls from 7 to 10 years.

Social

Honored

Mrs. Malcolm Miller was the guest of honor at a shower given for her Thursday evening at the home of Mrs. J. J. Van Dyck, on South Third street, by Mrs. J. H. Van Dyck, Mrs. Harold Bowman and Mrs. J. J. Van Dyck. The evening was spent in playing cards with prizes being awarded in five hundred to Mrs. George Tufnell, high, Mrs. Harry Dewey, second, and Mrs. W. L. Schenck, low. In Po-ke-no, prizes were awarded to Mesdames Irma Brown, Ed Armstrong, Charles Golat, William Graff, Malcolm Miller, Jesse Riley, Marlin Wolfe, Harvey Tufnell, Albert Fiebertz, Robert Rice, Irene Trippensee and Oscar Blomquist. Mrs. Graff also received the special award.

A delicious lunch was served later by the hostesses. Mrs. Malcolm received many lovely gifts.

Top Secret Radar
Gets Peace Role On
Great Lakes Ships

Detroit—(AP)—Radar, one of the nation's principal wartime weapons, made its debut in a peacetime role on the Great Lakes this week.

Shipping executives saw the wartime top secret in operation aboard the 100-foot motor yacht "Wanderer" as it cruised in the Detroit river.

Although the test run was made in daylight, officials said it showed conclusively the effectiveness of the radar unit, which was housed within a darkened area of the cabin.

Blurs of light on the screen marked shipping in the river, from the biggest to the tiniest craft. Buoys, the Ambassador bridge and other markers showed up plainly.

Army officers headed by Col. Frank A. Pettit, commanding officer of the United States lake survey, witnessed the demonstration and declared the use of radar would mean a new era of still safer navigation on the Great Lakes.

CARD OF THANKS

We wish to express our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends during our recent bereavement. We are especially grateful to those who sent floral offerings, Rev. J. D. B. Adams, Chaplain J. R. Lowell of the American Legion, Central Baseball League, the V. F. W., D. A. V., and the American Legion, those who donated the use of their cars, those who served as pallbearers, and to all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:

Mrs. Clyde Arrowood
and family
Mrs. Almada Arrowood

BUNDY HEADS
SCHOOL BOARDSucceeds Ben Gero Who
Has Been President
For Past Year

H. K. Bundy was elected president of the Manistique school board at the board's recent reorganization meeting, succeeding Ben Gero who has held that position for the past year.

Also elected at that time were Robert Berger, vice president; Alice Reilly, secretary, and J. Mauritz Carlson, treasurer. All of these officers, with the exception of Mrs. Reilly are members of the board.

Other business taken up at the meeting was the acceptance of the report of the election inspectors certifying to the reelection of Mrs. J. Joseph Herbert and J. Mauritz Carlson.

Cockeyed Sense Of
Property Rights
Led To Trouble

Fines were assessed against Harold Piazzala, William Sheldon and Fritz Archambault following their pleas of guilty in justice court Wednesday to charges of the larceny of two vices belonging to Hugo Marx, who resides alone in Hiawatha township. The men were fined \$10 each, plus \$5 costs and placed on probation.

Search is still being made for a fourth party, Elmer Jenerau, who it is alleged was with the other three when they attempted to steal the vices.

Marks came upon the men when they were attempting to take the vices and as the prowlers' car raced past him, he blazed away at it with his shot gun. The peppered car and peculiarities in the treads of the car's tires made apprehension fairly simple.

Arrests were made by the state police.

Arrest Flint Man
On Felony Charge

Sgt. J. Ringler, of the state police at Flint, returned Thursday to Flint with H. J. Stasa, who is wanted there on a felony charge. Stasa was arrested in Manistique Tuesday shortly after the local state police station had received a request to be on the lookout for him.

New State Trooper
Is Assigned Here

Harold Snyder, of McMillan, has been assigned to state police duty and stationed at Manistique State Police quarters.

Trooper Snyder has been in the armed service and during the war was stationed in Persia. Prior to his entrance in the armed service he was connected with the state conservation department.

City Briefs

Mr. and Mrs. John Strehl have returned to Milwaukee after visiting here.

Mrs. J. V. Vassau, 618 Arbutus avenue, left yesterday for Duluth, where she will visit relatives for two weeks.

Mrs. Jessie Riley and daughter, Marjorie, and son, Jim, of Chicago are visiting here at the home of Mr. and Mrs. Malcolm Miller.

Mr. and Mrs. Warren Adams and children, Bruce and Bonita, of Chicago are visiting here with their aunt and uncle, Mr. and Mrs. L. S. Headland.

Mrs. Myrtle Carrothers of Detroit and son, Clifford, of Benton Harbor, former residents of this city, are visiting here for a few days at the home of Mrs. Carrothers' mother, Mrs. Mable Berger, and other relatives. Clifford will leave Wednesday for induction in the Army Air Corps.

Mr. and Mrs. Ross Brink and children, Marla and Robin, of Detroit have returned to their home after visiting here at the home of Mr. and Mrs. Ray Billings. Mrs. Brink and Mrs. Billings are sisters.

Lowell and Lorraine Cooper left for Detroit where they will spend a week visiting relatives.

Mrs. Ethel Dittman and daughter, Carol, of LaCrosse, Wis., arrived here Tuesday for a visit with Mr. and Mrs. George Morton. Mrs. Dittman and Mrs. Morton are cousins.

Mrs. Russell Watson has left for Bellingham, Wash., where she will visit with relatives for several weeks.

Mrs. Howard Graff and two daughters have returned from a visit with relatives at Cape Cod, Mass.

MANY PLAN TRIP
TO CAMP SHAW4-H Clubbers To Spend
Week At U. P.
Outing

Schoolcraft county's quota of seventeen girls and thirteen boys will be represented at the annual 4-H club encampment for the Upper Peninsula to be held at Camp Shaw, Chatham, starting Monday, August 5 and continuing on until August 9.

Representative club members from all of the counties in the Upper Peninsula will attend the camp, each county being given a quota as to the number of club members who attend. This arrangement has had to be made because in years past the camp has been filled to its capacity.

Club members wishing to attend camp must get their requests to the county agent's office as soon as possible and no later than July 24. Should more club members wish to go than the quota will allow, preference will be given to the members who have never had the opportunity to attend camp in previous years.

Demonstration teams will be

Bears Meet Niagara In NWM Game Here Today At Four O'Clock

BECK TO HURL FOR ESCANABA

Locals See Chance To Climb Up In League Standings

In the first of two weekend games that may determine whether they will get into the league playoffs or not, the Escanaba Bears will meet the Niagara Badgers this afternoon at four o'clock at the City diamond. Sunday afternoon the Bears play the Iron Kings at Kingsford.

The Escanaba team needs a double victory over the Badgers and Iron Kings to preserve their chance for a position in the upper four and a place in the NWM playoffs. Now in sixth place, the Bears can vault into fourth position if they win both games over the weekend and providing Channing knocks off Negaunee in another league game scheduled Sunday.

Jack Beck, the Bears' right hander, has been nominated by Manager Schwalbach for mound duty against the Badgers today. Jim Fitzpatrick, the other half of the Escanaba pitching staff, hurled against the Cubs Thursday night for seven innings, Beck taking the final frame. Fitzpatrick will pitch against the Iron Kings Sunday.

Strong Defensive Team

Despite Niagara's lofty position in the league standings, second place, to which they were relegated only a week ago after holding the top rung all season, the Bears are confident that they can twist the Badgers' tail today. Niagara's team batting average is no better than Escanaba's, and their pitching staff has shown definite signs of weakening. Defensively, however, they are rated as tops in the league.

The Iron Kings, on the other hand, are leading the circuit in hitting with a team average of .297, but they are only a game ahead of the Bears in the standings. Furthermore, their lineup suffered a jolt this week with the loss of Eddie and Gordon Olson, two Marquette lads, who have played stellar ball for the Iron Kings in a shortstop and pitcher's roles, respectively.

Regardless of how the Negaunee-Channing game comes out Sunday, the Bears can change positions with the Iron Kings in the NWM standings this weekend with a double victory.

The Bear's starting lineup is

still somewhat in doubt. Toodles Flath and Nick Gersch have been out of action with illness and injury but Gersch, at least, is expected to be back in action today. If Flath is unavailable for service, Shomin will take over the catcher's duties. The remainder of the lineup will include Deloria at first, Jungles at second, Pryal at third, Maycunich, Art Gardner and L'Houillier or Schwalbach in the outfield.

STOLL'S YACHT LEAVES TODAY

Rose Of Sharon Racing In Chicago To Mackinac Contest

Fully provisioned and with everything in ship shape, the Rose of Sharon, owned and skippered by C. W. Stoll, will sail from Escanaba early this afternoon for Chicago, where the 53 foot schooner will enter the Chicago to Mackinac yacht race starting next Saturday, July 20.

The crew aboard the Sharon in the Mackinac race besides Stoll includes A. V. Aronson, Escanaba; Dr. C. H. Boren, Marquette; O. V. Thatcher, Escanaba; Charles Udell, Chicago; Charles Thatcher, Aberdeen, Md.; James Boren, Marquette; Fred Thatcher, Jack Erickson and Frank St. Martin, Escanaba.

Udell traveled to Escanaba from Chicago to be aboard the Sharon on the downward run to Chicago. Udell has sailed the Mackinac race 16 times and was aboard the winning craft four times.

Junior Ballplayers Will Have Training Meet This Morning

Another in the series of junior league baseball schools for Escanaba boys will be held this morning at 9:30 o'clock at the city diamond.

Coaches in charge of the training program are Jerome Deloria, William Puckelwartz and Alvin Ness.

This afternoon at one o'clock the Webster junior team will play the Ludington park team in a preliminary to the Bears-Badger game. The players on these two junior squads are in the 14 to 17-year-old group.

CUBS' LINEUP STRENGTHENED

Three New Players Are Added; Ed Gauthier Will Catch

Gaps in the Cubs' lineup that were evidenced Thursday night in their exhibition game with the Bears have been patched with the acquisition of new talent, Manager Al Nease reported yesterday.

Ed Gauthier, just returned from military service, has joined the Cubs' roster and will fill the gap at the catching position which developed when Don Scott underwent a surgical operation. Tommy Dufour, who started the season with the Cubs but left to play softball, has returned to baseball and will be the shortstop position for the Cubs Sunday against Chatham. A third addition is Clarence Grabowski, who is assigned to third base.

Fred Thatcher, the team's regular third baseman will be out of the lineup for at least two weeks because of his participation in the Chicago-Mackinac yacht race. The team also lost Mickey Kuchenberg recently because of a shift to softball.

The Cubs' protest of their 2-0 loss to Munising claimed because of an ineligible player was ruled out by Rainbow league officials at Trenary Thursday night. Victory over Chatham was allowed and the game will be replayed Thursday night at Trenary, a neutral field.

Rademacher will probably take the mound Sunday against Chatham, when the Cubs play here.

Braves Blank Reds. 1 to 0 On One Hit

Cincinnati, July 12 (AP)—Johnny Sain gave up just one hit today as the Boston Braves shutout the Cincinnati Reds 1-0 before a Crosley field gathering of 2,068 paying fans.

Third baseman Grady Hatton spoiled a perfect game for the Boston right-hander when he dropped a fly double back of third in the first inning. He was the only Redleg to reach base.

The Braves, who collected nine hits from the offerings of Ewell Blackwell, pushed over the winning marker in the fifth on successive singles by Bama Rowell, Billy Herman and Johnny Hopp. Boston 000 010 000—1 9 0 Cincinnati 000 000 000—0 1 1 Sain and Masi; Blackwell and Lamanno.

Last-Place Pirates Stop Phils, 4 to 3

Pittsburgh, July 12 (AP)—The last-place Pittsburgh Pirates snapped a six-game losing streak tonight 4 to 3, but had to stamp out a Philadelphia Phillies' ninth-inning rally to do it. A crowd of 15,047 saw the game.

The Phils scored two runs in the ninth when Rookie Outfielder Ralph Kiner, in trying to snag pinch-hitter Vance Dinges' short liner to center, let the ball go through him for a home run inside the park.

Philadelphia 000 000 012—3 11 1 Pittsburgh 200 200 00x—4 11 0

Lions roar with their heads pointed toward the ground, which adds volume to the sound.

The Sports Parade

By Ken Gunderman

The Escanaba Bears will catch up on their NWM league today when they play off their postponed game with the Niagara Badgers at the City diamond at four o'clock, but there has been no report from other clubs how they propose to make up their postponed games. President Buck Erickson of the NWM league has indicated that he will slap on a deadline for makeup games if the clubs don't announce their plans this week. Just what that means is not made clear, but the Bears are hoping that it does not mean that games not made up by the deadline will be washed out completely.

As the matter stands now, the Escanaba club has a reasonable chance of getting into the four-way playoffs. They would have to win both of their games this weekend to retain that chance, but if Negaunee's two postponed

games are not played the Bears' chance of getting into the playoffs would be materially reduced as Negaunee now holds the fourth place berth and the Rovers stand the risk of losing both of their postponed games if they were played. Negaunee's postponed games involve the second and third place teams in the NWM standings—Niagara and Crystal Falls.

The "take" at the Cubs-Bears benefit game for the junior league fund Thursday night was disappointing—less than \$40, hardly enough to buy a couple dozen baseballs. If you're looking for excuses, it may have been due to the fact that this was the first twilight game of the season and the ball fans haven't got into the habit of reporting at 6:15 or 6:30 p. m. for a ball game. You'll have to admit, though, that it is a rather weak excuse. It had been hoped that the gate would exceed \$100, even at two-bits a head.

The new scoreboard at the city diamond, complete except for painting, is the slickest board of any park in the peninsula. Its erection was made possible through the courtesy of a couple local business firms. The board is 24 feet wide by 10 feet in height and the metal numbers, 18 inches by 12 inches, are dropped into slots from a catwalk built in the rear of the board. They are plainly visible even at the 400 foot distance from the bleacher screen to the board across the fence in centerfield. Any batted ball that hits the scoreboard without first touching the ground will, of course, be a home run, as any other ball that clears the fence in fair territory.

Hit and Miss—There has been no announcement yet of the selection of any of the gridlers for the all-star game at Negaunee. The opposing coaches probably will be Mickey McCormick of Menominee for the South, as previously announced, and Joe De Cook, of Newberry, for the North. A lively demand for tickets is reported and it is probable that there will be no difficulty selling out the house if fair weather is on hand the night of August 17.

Opponent Flattened By Sugar Robinson In Welter Warmup

New York, July 12 (AP)—Sugar Ray Robinson warmed up for his forthcoming world welterweight championship bout tonight by flattening Southpaw Joe Curcio of Newark, N. J., just as the bell ending the first round of their scheduled ten-round tussle in Madison Square Garden. Robinson scaled 149½.

A crumpling left hook landed by Robinson, known as the "uncrowned welterweight champion," just as the bell sounded ending a fast and furious first round, put the Jersey southpaw down, flat on his back. He was still out and hadn't yet moved a muscle when the bell rang to start the second round.

Referee Billy Cavanaugh began to count over him, then changed his mind and stopped after "two." Announcer Harry Balogh said over the public address system that Curcio "was unable to continue and did not answer the bell" starting the second. Ringside observers called it a knockout at the start of the second round.

A minor riot started at ringside with the announcement, but after police had given a couple of overenthusiastic fans a thump or two, it all wound up peacefully.

Denver Babe Goes Into Golf Finals With Polly Riley

Denver, July 12 (AP)—The power and stamina of Denver's Babe Didrikson Zaharias and the consistent clubs of Polly Riley of Fort Worth, Tex., today carried the comedians into the finals of the women's trans-Mississippi golf tournament.

Mrs. Zaharias, continuing her string of one-sided conquests, knocked out Margaret Gunther of Memphis, Tenn., 6 and 4, and Miss Riley ousted another Texan, glamorous Betty White of Dallas, 4 and 3, in today's semi-final matches.

The Babe and Miss Riley will tee off at 10 a. m. Mountain Standard Time (12 noon CDT) tomorrow in the first 18-hole round of the championship match. The second 18 holes will start at 2 p. m.

The Babe's mighty drives, measuring around 250 yards, were too much of a handicap for Miss Gunther.

X-rays today show Wakefield fractured his left arm just below the elbow in the seventh inning of yesterday's Detroit-Boston game when he bumped into the grandstand while chasing Johnny Pesky's double.

Wakefield's injured arm was placed in a cast today and he will fly back to Detroit tomorrow.

HOMER BY YORK BEATS DETROIT

Boston Stretches Lead To Eight Full Games Over Idle Yanks

Boston, July 12 (AP)—Rudy York's eleventh home run of the season with one man on base in the eighth inning gave the Boston Red Sox a 4-2 victory over the Detroit Tigers today as the American League leaders broke their home attendance record of 730,340, set in 1942.

A crowd of 26,290, which broke the Sox Fenway Park paid attendance for 40 games in 33 playing days to a new high of 740,517, saw the Soxers stretch their league lead to eight full games over the idle New York Yankees.

Dave (Boo) Ferriss gained his 13th pitching success against four losses and his eighth straight win over the Tigers.

The first-place Soxers opened the scoring in the first inning. Lee Culberson singled and stole second, Johnny Pesky walked and Culberson scored on Bobby Doerr's single. Pesky also tried to tally but Jimmy Outlaw cut him down at the plate with a great throw from left field to Catcher Birdie Tebbetts.

The Sox added another in the second, when Rip Russell walked and later scored on Ferriss' long double off the center field wall.

The Tigers tied it up in the seventh on an Eddie Lake double, a pass to Hoot Evers and Hank Greenberg's double.

With two men out in the eighth, Doerr walked and then York, with a count of three balls and no strikes, belted Virgil (Fife) Trucks' pitch into the right field bullpen.

Flying And Football Combined By Navy

Annapolis, Md., July 12 (AP)—A new departure, involving combination football-aviation training, was announced today by the Navy today, simultaneously with the loss of two of its expert squadrons.

The academy announced that Capt. Tom Hamilton, head coach, will take the squad to the Naval Auxiliary Air Station at Martha's Vineyard, Mass., about August 26.

The men will be assigned to a "two-week aviation indoctrination program and football training camp."

The announcement was made just at the time of acceptance of two resignations—one from Clyde (Smackover) Scott, who smilingly announced he was on his way to Smackover, Ark., and would be married soon.

The other was from Bob Hill, star first baseman of last spring and a potential end on Hamilton's 1946 grid team.

Little Phyllis Otto Is Collegiate Champ

Columbus, O., July 12 (AP)—Two 15-foot putts curled home on Ohio State university's sun-baked golf course today and enthroned round-faced little Phyllis Otto of Northwestern university as the 1946 national women's collegiate champion.

The second—and payoff—putt came on the 17th green and gave the Atlantic, Ia., slammer a 2 and 1 edge over long-hitting Dorothy Germain of Beaver college, the tournament favorite.

It was the first putt—a 15-foot—on No. 7 green—which launched ed stocky Phyllis, the current western amateur titlist, on the sizzling stretch drive that overcame the Philadelphia girl's early 3-up lead.

Dropping that one gave Phyllis a badly needed half and an extra confidence dividend. She cashed that dividend by copping the next three holes to even the match.

Until the seventh hole, Miss Germain apparently had the match well under control.

Umbrellas were used in ancient Egypt.

BASEBALL

Detroit at Boston—Trout (8-6) vs. Harris (11-4)

Kramer Chased As Athletics Defeat Brownies, 7 to 2

Philadelphia, July 12 (AP)—The Philadelphia Athletics scored three runs in the fourth to chase Pitcher Jack Kramer and take a 7 to 2 victory over the St. Louis Browns tonight before less than 5,000. Dick Fowler chalked up his sixth win against seven losses.

Kramer, who pitched for the victorious American Leaguers in Tuesday's All-Star game, was touched for two runs in the third.

The A's picked up their first two runs in the third after one out when Gene Handley and Dick Fowler singled. Elmer Valo forced Fowler for out number two but Handley scored when Hank Fowler pegged wild on an attempted double steal. Valo came home on McCosky's single.

St. Louis 000 001 010—2 8 4
Philadelphia 002 301 01x—7 12 0
Kramer, Ferens (4), Kinder (8) and Helf, Mancuso (7); Fowler and Rosar.

Bulla Takes Lead In Kaysee Tourney

Kansas City, July 12 (AP)—Power-hitting Johnny Bulla of Chicago took over the lead in the \$20,000 victory bond invitational golf tournament today with a scorching 8-under-par 64 today that gave him a 36-hole total of 132, four strokes better than his nearest rival.

Bulla picked the 6,592-yard Hicrest Country club course to bits as Jimmy Hines of Chicago, the opening pace-setter with 66, slipped to even par 72 for a 139 half-way score and Byron Nelson, Toledo, O., climbed into the runner-up slot at 136.

British open champion Sam Snead of Hot Springs, Va., and Lawson Little, Monterey, Calif., both quit the tournament today, explaining the tiring trip from London "had got them down."

Snead got around today in par 72 for a total of 145, Little in 74 for the same total.

Ben Hogan, the money grabbing bantamweight from Hershey, Pa., and Harold (Jug) McSpaden, Sanford, Me., were still strong contenders, each having a 36-hole total of 138. Stewart (Skip) Alexander N. C., Clayton Heafner of Charlotte, N. C., and amateur Frank Stranahan of Toledo, O., also were in the 138 group.

British Stage Star To Play Roosevelt In Atom Bomb Film

Hollywood (AP)—The much-discussed role of Franklin Delano Roosevelt in the film, "The Beginning of the End," will be portrayed by Godfrey Tearle, famous for 50 years on the British stage and screen.

Sam Marx, producer of the Atomic bomb picture, announced the choice today after viewing tests made by Tearle upon his arrival from England last week.

Tearle's resemblance to the late President was first noticed in 1938, when he brought his British troupe to New York for a Broadway production of "The Flashing Stream."

Originally cast in the part was Lionel Barrymore, but he was withdrawn when the Roosevelt family objected. (MGM) studio officials said. Others considered were Walter Huston and James Dunn. Tearle, born in New York, is a brother of actor Conway Tearle, who died in 1940.

"Rented the first day" said Smith.

CHICAGO CUBS MOIDER BOSTON

Peanuts Lowrey Leads Attack For Easy 13-2 Triumph

Chicago, July 12 (AP)—The National League defending champion Chicago Cubs slaughtered the pace-setting Brooklyn Dodgers, 13-2 before a paid attendance of 25,154 fans today for their second consecutive victory over the slipping Dodgers.

Center Fielder Peanuts Lowrey led the Cubs' 15 hit attack on a trio of Brook hurlers by ramming home seven runs and scoring three on two singles and a home run.

Hank Wyse, who allowed the Dodgers only four hits got off to an inauspicious start, as he was rocked for two runs in the initial frame but the big right-hander then settled down and retired the Dodgers in order until the seventh when Pete Reiser singled.

Trading Blacklist Abolished By U. S.

Washington (AP)—The United States abolished today its blacklist of firms and persons forbidden to trade with this country because they were alleged to have aided the enemy during the war.

From a wartime peak of 15,446, the list had been whittled down to 887 names.

The British and Canadian governments simultaneously withdrew almost identical rosters.

"The withdrawal of the proclaimed list," the State Department said in a formal announcement, "does not in any way constitute a termination of or slackening of the program for the permanent elimination of Axis external influences either in this hemisphere or in the Eastern hemisphere."

The State Department announcement said abolition of the blacklist does not unfreeze the accounts in this country of the persons formerly on the list. The department said in some cases accounts will continue to be blocked because a person was of German or Japanese nationality.

Nor does withdrawal of the list imply, the Department said, that all persons formally on it "are regarded as satisfactory agents for American business."

"But cancellations of the list does represent, it said, 'an important step in the United States policy of freeing trade from war time controls as soon as such action becomes possible.'"

Men's Suit Supply Improves For Fall

Washington (AP)—The civilian production administration today predicted output of 6,500,000 men's suits during the July-September quarter, about 700,000 more than last quarter.

BAKERY OWNERS, STRIKERS MEET

Conference Scheduled For 9 O'clock This Morning

U. S. Conciliation Service representative John Luecke has been requested to serve as mediator at a meeting tentatively scheduled for 9 o'clock this morning of committees and union representatives of the employees of three local bakeries, on strike since last Saturday night, and the bakery owners.

The meeting will be held at the offices of the union, 815 Ludington street.

Atty. Glen Jackson, Gladstone, will be spokesman for the bakery owners.

It could not be determined last night if Atty. Jackson, who was out of the city yesterday, could be present for the conference today but Luecke said he hoped the meeting could be arranged soon if this morning's session did not materialize.

A demand for an 18 1/2 cent an hour increase in pay, made by union representatives on behalf of the bakers last Saturday night, was met with an offer of a 12 1/2 cent increase by at least one of the operators, Hoyer & Baur, but the session was adjourned before any definite agreement was reached.

The plants of Hoyer & Baur, Hoyer Baking company and Delta Baking company have been picketed by the strikers since last Monday and negotiations have not been resumed since the Saturday meeting.

CONTROLS ARE STRIPPED FROM REVIVAL BILL

(Continued from Page One)

were specifically exempted from price ceilings even before the grain and tobacco amendments.

Then, on voice votes, these further amendments were tacked on:

1. A provision that any ceilings on Southern pine used for pulpwood must be as high as that from timber from other areas. This was by Senator Russell (D-Ga.), who said former ceilings on Southern wood were as much as \$4 a cord below that for other sections. Barkley observed that the amendment would order a price uniformity that "never existed" before.

2. A prohibition against requiring integrated cotton textile concerns (those whose operations go straight through from raw cotton to finished product), to charge less than others. Senator Johnston (D-SC), one of the sponsors, said the OPA last February ordered a three percent price differential against such concerns, and contended it was discriminatory. Johnston was joined in the amendment by Senators George (D-Ga.), Hoyer (D-NC), and Millikin (D-Colo.).

3. A ban against the Commodities Credit Corporation's paying more than 3.675 cents a pound for imported sugar. Senator Murdoch (D-Utah), said an agreement was reached between the corporation and representatives of the domestic sugar industry on the limitation.

4. A revision of the amendment dealing with manufacturers' and processors' costs to cover service and transportation industries under the same provisions. It was introduced originally by Senator Bridges (R-N. H.), with the primary purpose of encouraging greater output of poultry and livestock feed. Barkley sought to raise a point of order against it and Bridges changed it so that it would apply to feed but not to grain.

Senator Overton (D-La.), however, offered Bridges' original amendment, applying to both grain and feed as a substitute, and this was adopted on a roll call vote of 42 to 36. Then on a technicality a second vote was taken, with the result 45 to 35.

At Barkley's point of order, Senator Tobey (R-N. H.), appealed to the Democratic leader for "fairness."

"I appreciate the 'Macedonian cry,'" Barkley replied, referring to a recent exchange between Tobey and President Truman. Tobey wrote that he was making a "Macedonian cry" (cry for help) on behalf of New England poultry raisers needing grain. The president replied that famine needs came first.

Artificial Eye Looks Natural

San Francisco—An artificial eye that is permanently stitched into the eye socket and moves with the natural eye was demonstrated by Dr. A. D. Ruedeman of the Cleveland Clinic Foundation at the meeting of the American Medical Association here.

A fine mesh of tantalum is fastened to the back of the artificial eye, which is made of plastic, and the eye surgeon stitches this mesh to the eye muscles. The result is a more natural appearing eye.

Briefly Told

Joint Picnic—The Men's Brotherhood of the Presbyterian and First Methodist churches will hold a joint picnic at Ludington Park Monday, July 22. A softball game between the two brotherhoods will feature the affair.

Meeting Changed—The war memorial meeting scheduled for Monday, July 15, at the city hall will be held at the Bonifas auditorium instead, it has been announced by George Grenholm. About 100 persons are expected to attend.

Collectors' Picnic—The Escanaba Philatelic society will hold a picnic at the Roland Baldwin farm on the old State Road beginning at 2:30 o'clock on Sunday afternoon. The picnic site will be marked. Stamp collectors who have not already been notified by the committee may call Roland Baldwin, 1287-W or Vic Powers, 355-J. Transportation can be arranged.

Apply For License—Applications for marriage licenses have been made at the office of County Clerk J. Theodore O'Brien by Noah Marcoe Jr. and Marilyn Mae Frasher of Escanaba; William L. Baum and June Rangnette of Escanaba; Hubert Irving and Lorraine Chouinard of Escanaba. Rt. 1; Kenneth Pickard and Genevieve M. Murker of Gladstone.

SILVER DISPUTE DELAYS CHECKS

Postoffice And Treasury Pay Held Up By Fight In Congress

Washington, July 12 (AP)—For a third time, the senate today rejected, 54 to 25, a house proposal to sell treasury silver at 71.11 cents an ounce.

Southern and western senators generally abandoned party lines to team up in a third demand that the house accept a 90.3 cent price despite three previous adverse house votes.

Meanwhile thousands of treasury and post office employees may have to wait for their pay checks. Funds to meet them are in the \$1,500,000,000 appropriation bill which has been deadlocked for two months by the congressional silver dispute.

Senator Green (D-R.I.), who favors the house figure, called for the roll call vote today, pointing out that the house had refused to accept the senate's higher figure three different times.

Opposing him was Senator McKellar (D-Tenn.), chairman of the appropriations committee and regular presiding officer. He said the only persons who want the lower price are a small group of manufacturers and industrial users who want to get silver from the treasury for less than it costs elsewhere.

Senators Brooks (R-Ill.), Mead (D-N.Y.) and Walsh (D-Mass.) all urged the senate to accept the house figure. They and Green contended the 71 cent level was "only a floor price" and the treasury might sell for 90 cents or higher.

Ordered Evicted, Ex-GI Will Keep Room 'Til July 20

Dallas (AP)—Wesley Brient, the ex-GI ordered evicted from his apartment by landlord Mike O'Daniel, son of Texas' junior senator, will keep his apartment at least until July 20, his attorney said today.

Morris L. Jaffe, retained by the American Veterans committee to fight Brient's case, said since the veteran's rent is paid until July 20 O'Daniel cannot file suit until that time.

Brient said today he felt picketing of the apartment by approximately 60 members of the AVC yesterday "did the job" in giving widespread publicity to his cause.

Meanwhile, other tenants of the O'Daniel apartment refused to be drawn into the controversy. Their rents, according to Mrs. O'Daniel, have been raised or will be raised an average of 10 per cent or less.

Trailer Homes Are Taxed In Florida

(P) Newsfeatures
Chicago—Automobile trailers used as permanent residences in Florida may now be taxed as real estate, according to a ruling of that state's attorney general.

The National Association of Assessing Officers is reporting to its members that trailers in Florida are now subject to one of three tax classifications.

If the trailer is primarily used attached to an automobile it must carry a motor vehicle license plate. If used primarily as living quarters, but still not attached to real estate through utilities connections, the trailer requires no vehicle license, but is subject to taxation as personal property.

Real estate taxes are levied by Florida where the trailers "are used as living quarters and are attached to the real estate in such a way as to become a part thereof."

The association reports there are upwards of 10,000 trailers in Dade county (Miami.)

Australians use the boomerang only in sports and for hunting, not as a weapon of war.

which does not have to be removed.

PRICE GOES UP ON NEWSPRINT

Canadian Plants Forced To Meet Change In Value Of Dollar

Montreal (AP)—The major Canadian newsprint producers sent notices to their customers today announcing an immediate price rise of \$6.80 a ton, and the entire industry was understood to be following suit.

The rise, to be added to the standard New York price of \$67 a ton, was said to have been ordered to meet the loss which Canadian manufacturers faced as a result of last Friday's change in the value of the Canadian dollar. With the American and Canadian dollars now at par, the manufacturers will lose the 10 per cent premium on the New York price, which they had been getting since September, 1939.

The newsprint producers all are expected to follow the same price policy. Two of the three largest manufacturers, the Abitibi Power and Paper company and the Consolidated Paper corporation, put the \$6.80 increase into effect today, and the third, the Canadian International Paper company, was understood to be acting similarly. Officials of all companies could not be reached, but it was stated in high newsprint circles that the entire industry could be expected to effect the same increase.

This price rise affects all contractual sales, which account for the bulk of the Canadian production, including that going to the United States and Great Britain.

PARIS SESSION IS WOUND UP BY MINISTERS

(Continued from Page One)

ed, Molotov has reiterated. The other ministers previously indicated they would support such a deportation move.

At the close of the discussion on Germany, President Georges Bidault of France said he would bring up the question of the next meeting of the ministers—a special one in the fall—and would demand the right of other nations interested in the problem to sit in with the four-power ministers.

Invitations Sent Out
Bidault named Belgium, the Netherlands, Luxembourg, Poland, Czechoslovakia and Denmark as the interested nations. U. S. Secretary of State James F. Byrnes said he would support Bidault's proposal.

The French government earlier this week, at the instruction of the foreign ministers' council, sent out invitations to 17 other nations to participate in a general European peace conference to be convened here July 29.

In their final session, the ministers again went over the five draft treaties for Italy, Finland and the Balkans and sent them back to their deputies to make some final changes before next Wednesday.

The ministers, allotting certain Italian naval vessels to Yugoslavia and Greece, agreed that Greece should receive a medium cruiser to replace one sunk by the Italians during the war and that Yugoslavia should be given fighting ships aggregating 5,000 tons, of which at least 3,000 tons should be in fighting condition.

Then Bevin told the council there were eight points in the Italian and Balkan treaties that did not satisfy his government and that he would not sign any peace treaty until the points were satisfied, the British informant said.

Liquor Fines Total \$23,406 In 6 Months

Lansing, July 12 (AP)—Michigan liquor licensees paid \$23,406 in fines imposed by the State Liquor Control Commission during the first six months of 1946.

During the period, 404 establishments were penalized, 41 were eliminated for violation of the liquor laws and 161 licenses were suspended for a total of 3,790 days.

Four Flint Residents Injured In Accident; Green Bay Driver Held

Charles Woods, 45, of Flint, his wife and two children, Raymond, nine, and Marcia, five, were injured, the children perhaps seriously, about 6:35 o'clock Friday evening on highway U. S. 2-41 near the old airport when their coach was struck, almost head-on, by a new truck driven by Thomas J. Young, 36, of Green Bay. Young, who was not injured,

CHINA RECEIVES UNRRA WARNING

Chiang Told To Overhaul Handling Of Relief Supplies

BY JACK BELL

Washington, July 12 (AP)—F. H. LaGuardia, director - general of UNRRA, has cabled directly to Generalissimo Chiang Kai-shek a demand that China's "unsatisfactory" handling of relief supplies be overhauled.

The message asserted that "personalities and politics cannot be considered" and that Chinese relief must not be "shaped or guided or diverted to meet the expediency or the specific interest of any individual or group."

LaGuardia's cable was sent May 29 and delivered June 6. It came to light tonight in the record of senate appropriations committee hearings on a bill carrying a house approved allocation of \$465,000,000 for UNRRA and other items.

The former New York mayor told the senate committee his message to Chiang "might not be couched in diplomatic language, but I tried to make it so he would understand."

He told the generalissimo the work of helping and rehabilitating China demands "a straightforward approach," adding: "I am sure you will agree that personalities and politics cannot be considered, as the welfare of China concerns all of her people and nothing in this respect can be shaped or guided or diverted to meet the expediency or the specific interest of any individual or group."

The message to Chiang preceded action by LaGuardia cutting off UNRRA shipments of all but vital food to China. It also antedated a protest by 300 UNRRA staff members in China that "supplies have not been distributed in many areas for political reasons, thereby discriminating against those areas because of the political beliefs of the people in them."

Non-Austrians Are Evicted By Soviets In Occupation Zone

Vienna (AP)—Hundreds of families were herded into trucks and loaded into boxcars today as the Red army began a systematic eviction from the Soviet zone of Austria of 54,000 Germans and other non-Austrians.

The program began shortly after 6 a. m., deadline set in the order suddenly announced by the Russians yesterday.

The Austrian ministry of the interior said it had ordered police not to assist the Russians in dispossessing any persons who had come to the country before March 13, 1938, or who had acquired Austrian citizenship. However, Austrian police in some areas were pressed into service by the Red army, the ministry said.

Austrian government sources said that 900 persons were moved out of Horn in lower Austria and 700 out of Mistelbach.

Between 400 to 500 persons were gathered at one Russian railroad station and enough railroad cars were reported held to transport 14,000 persons tomorrow.

The eviction was said to be closely connected with the confiscation of "German assets" which the Russians announced earlier. Austrian officials have said that the Russians were claiming 75 per cent of Austria's industrial capacity.

was arrested for drunken driving by state police troopers and sheriff's department officers who investigated the accident, and will face a more serious charge in the event of the death of any of the accident victims.

Woods and his wife both were severely bruised; the boy has chest and back injuries, the girl serious cuts and possible other injuries, the extent of which could not be accurately determined last night. All were suffering from shock when taken to St. Francis hospital.

According to the police report, Young was driving north on the highway and Woods south at the time of the collision. Police said the Green Bay man was on the wrong side of the road then. The Flint man's coach rolled over several times after the impact and both machines were heavily damaged.

Young is a representative of the Green Bay Soap company and lives at 1347 Dawson street.

Judge Gets Threats But Keeps Up Grift Sift In Hamtramck

Detroit, July 12 (AP)—Despite three telephoned warnings he said he had received, Justice Nicholas S. Gronkowski declared today he is going ahead on consideration of a petition asking an investigation into alleged police misconduct and graft in Hamtramck.

Judge Gronkowski said there were three calls, each from a different person, telling him to "lay off the whole matter if you know what's good for you" and "you know what happens to meddlers."

"I certainly am not going to let those telephone calls intimidate me," he said. "It will take a few more days for me to study the petition and see if I have any basis for taking up a judicial investigation."

John E. Wojtyla, a member of the Hamtramck city council, made the request for an investigation. He said there were "certain violations and other serious instances of misconduct" in Hamtramck.

Seaweed Does Work, Corals Get Credit

Bikini—Corals get the credit for forming the reefs of Bikini and similar atolls, but seaweeds really do the work. Dr. William R. Taylor, University of Michigan biologist at Operation Crossroads, tells me. Dr. Taylor has been making a study of Bikini plant life, especially the marine plants, as part of the general biological survey being conducted here under the direction of the U. S. Fish and Wildlife Service.

Non-botanists might easily mistake the reef-forming seaweeds for corals for they are mostly bright red in color, and stiff with limestone. They make up about nine-tenths of the mass of the reef, corals only about one-tenth. Dr. Taylor stated that he has found well over a hundred species of these limy corals around Bikini atoll and added that it is one of the richest florae of this kind he has ever seen in one spot.

JOB OF PICKING JUDGE DELAYED

Truman's Nominations Stir Up Michigan Democrats

Washington, July 12 (AP)—Warring factions of the Democratic party in Michigan saw a delay in the outcome of their fight today as a senate hearing on two presidential appointees to federal judgeships in the state was postponed indefinitely.

Chairman McCarran (D-Nev) of a judicial sub-committee appointed to conduct the hearings took the action, he said, because he "had a lot of other business to attend to." He said he would set a new hearing date "as soon as possible."

McCarran announced the postponement before two other members of the sub-committee arrived. No witnesses had appeared.

President Truman's nomination of Raymond W. Starr of Grand Rapids and Theodore Levin of Detroit caused a furore in the state convention last week.

The objectors held that the appointment of Starr, a state supreme court justice, would give the Republican administration a vacancy to fill. They objected to Levin, an attorney, on the basis of questioned party loyalty.

Starr was proposed to succeed the late Fred M. Raymond of the western Michigan district court. Levin was suggested for an eastern Michigan judgeship to succeed Edward J. Moinet, resigned.

Today's postponement probably will permit Senator Vandenberg, Michigan's senior Republican senator, to express his views on the appointments.

Booby Trap Killer Of Fellow Worker Sentenced To Death

Martinsville, Va., July 12 (AP)—Armon J. Gusler, a mild-looking middle-aged furniture plant mechanic who covertly kissed a fellow worker's wife two years ago and pleaded he lived in fear of the consequences, was found guilty by a jury today of the dynamite bomb death of J. Russell Smith and his punishment was fixed at death in the electric chair.

The Henry county circuit court jury deliberated only an hour and a half in reaching its verdict in accord with the pleas of the prosecution for a guilty of first degree murder decision with execution as the penalty.

Gusler admitted at his trial he rigged a booby trap of three sticks of dynamite under Smith's desk in an office adjoining a drying kiln at the furniture factory at nearby Bassett and that his plan to do away with Smith was carried out when Smith touched off the charge by pulling a seldom-used switch.

APPOINTED BY KELLY

Lansing, July 12 (AP)—Roscoe O. Bonisteel of Ann Arbor today was reappointed by Governor Kelly to the state board of law examiners for a term expiring June 30, 1951.

David Gudelsky of Muskegon was appointed to the state athletic board of control for a term ending June 13, 1950, succeeding Russell J. Cowans.

ply to his letter inviting an appearance.

Giving his own personal views Mead told reporters that May "wants to conduct our investigation." He said he knew of no instance in which a legislative committee had accorded an individual all the rights May sought.

"We'll give him (May) ample opportunity to explain in great detail every allegation, every charge and every insinuation made against him during the progress of our examination of witnesses," Mead said.

But he added that would be done only if the congressman "will agree to answer the questions and otherwise undergo the examination which is customary to the conduct of legislative investigating committees."

Value Of Save-OPA Rally Disputed By Groups In Detroit

Detroit, July 12 (AP)—Union and management representatives differed sharply tonight on the merits of a city-wide "save OPA" rally scheduled for next Tuesday in downtown Cadillac Square, but despite the verbal brickbats it appeared the meeting would be held.

The demonstration, sponsored originally by the UAW-CIO's Political Action department, now also has the support of the AFL and independent unions, interracial groups, consumer organizations, veterans' associations and the Michigan Citizens' Committee.

A meeting to consider closing of unionized downtown retail stores Tuesday in support of the rally was set for Monday night by David Chaney, president of the United Retail, Wholesale and Department Store Employees-CIO.

Total Of 76 Are Re-Registered As School Electors

A total of 76 school electors were re-registered here, most of them Thursday and yesterday, the last two days of the four day re-registration period.

A recent change in the statute now permits voters to take part in school elections whether they are property owners or not except when bond issues or expenditures of public funds are involved.

Voters who did not re-register during the designated period will have another opportunity before the annual spring school election next year.

WHEAT STORING RULES REMOVED

Requirement For Sales To County Elevators Suspended

Washington, July 12 (AP)—The agriculture department announced tonight that it will terminate on July 16 a requirement that farmers in 24 major wheat producing states sell at least half the wheat they deliver to country elevators.

This requirement was put into effect in May under a requisitioning program designed to help the government obtain up to 250,000,000 bushels of wheat for export to shortage areas during the next 12 months.

The requirement had drawn sharp criticism from many farmers and some members of congress. Its purpose, officials said, was to prevent storage of a large portion of the crop by farmers waiting for higher prices.

Under the requisitioning program, elevators, millers and other grain merchandisers were required to sell to the government one half the wheat they purchased.

On July 1, when price controls expired, the department suspended the requisitioning program.

Under today's action, that part of the program affecting elevators, millers and merchandisers remains in suspension, subject to possible reinstatement later. Also suspended, subject to later reinstatement is a requirement that trucker merchants sell at least one half the wheat they deliver to grain elevators.

Aleman Leads 3-1 In Mexico Election

Mexico City, July 12 (AP)—Miguel Aleman tonight increased his lead over Ezequiel Padilla in Mexico's presidential race to nearly 3 to 1.

Complete and official returns from 32 of the 148 congressional districts gave Aleman, the administration (PRI) candidate, 421,236 and Padilla, the Mexican Democratic party candidate, 149,532.
